### **Not His Fault!**

MCELWER

When Gov. M. M. Neely made his recent complaint that the West Virginia University football teams had for some time been something of a disgrace, he certainly could have been casting no aspersions upon Marlinton's contribution to the W. V. U. aggregation. Because Dick McElwee. son of Mr. and Mrs. R. H. McElwee, of Marlinton, is a star player who well could grace the roster of any university's football team. While it may be true that the winning column for the State school is not crowded with victory marks, here is one individual who can bask calmly in the reflection that it is not his fault. Perhaps the governor should help Coach Kern to entice to the school a few more like him.

GREENBRIER VALLEY GROUP HOLDS MEET AT LEWISBURG

### SHORT COURT TERM HEARS GUILTY PLEAS **GRANTS 6 DIVORCE**

In a brief three-day session th October term of court, which wa presided over by Judge Mark L. Ja. rett, included among its orders th following:

Eugene Pifer and Clarence Dur brack, indicted for unlawful use an automobile without the knowledg or consent of the owner, both pleaed guilty and Pifer was placed under \$1,000 bond and his case continue while Dunbrack was placed in cu tody of R. W. Harper, Pocahont county juvenile officer.

Warren Woodrow Wootten, ali Eugene Wootten, pleaded guilty to violation of probation and was se tenced to from 2 to 10 years in t state penitentiary.

Vesper Ray Cutlip, pleading guil to a charge of forgery, was sentenc to a term of 2 to 10 years in priso

Adam Galford, Merle Sharp a Cecil Sharp were sentenced to 1 to years in prison upon their pleas guilty to a charge of grand larcer

Sterl Nicholas and Ward Nichol brothers, who pleaded guilty to charge of armed robbery, were giv 10 years each in the penitentiary.

Jack Mullenax and Jimmie Vand vender, involved in a cattle steali charge, case continued.

In the case of the State again Luke Cassell, who entered a plea guilty to assault and battery at June term of court, Cassell v placed on probation for 2 years.

In the case of the State again Nelson Tacy, brought into the c cuit court on an appeal from ju tice's court, the latter was releas in the sum of \$100 bond upon own recognizance, under the ter of which he agreed to keep the pear

"JOURNAL - BELONGING TO THE DAY"

VOL. 23-NO. 34

MARLINTON, WEST VIRGINIA, THURSDAY, OC

### Police Head Warns Of 'Confidence' Men

Racketeers Are Working on Rural People in Many Sections of West Virginia.

CHARLESTON - Stacks of complaints against the confidence rack-eteer, who annually fleeces people of West Virginia out of many thousands of dollars, are filed at the Criminal Identifiction Eureau in Charleston, according to Col. John W. Bosworth, superintendent of the Department of Public Safety.

Colonel Bosworth sounds a warning to the rural people of this state against admitting strangers to their homes who are working confidence rackets and short-change tricks, practiced on the unwary by smooth talk-ing criminals who pose as anything from a federal agent to an insurance

When the nation's No. 1 check artist passed through West Virginia recently, many innocent merchants unwittingly contributed up into the hundreds of dollars.

"Many forgeries and false pre-tense cases," Colonel Bosworth de-clares, "could be cleared up if the rural businessman would refuse to accept checks from strangers without

first ascertaining their genuineness." These swindlers will try anything and everything, according to officials at the Criminal Bureau, who are working in close cooperation with troopers in the field throughout the state to rid the public of the "confidence men."

### M. H. S. TO PLAY FRIDAY, OCT. 24

More Convenient Time Will Bring Additional Support, It Is Believed.

Two changes in schedule and an increase in admission prices, the latter made necessary because of the recently added taxes, were announced this week by officials of Marlinton

high school.

In order to give local business people a better opportunity to support the team by attending the games, the contest with Franklin high will be played here Friday, October 24, instead of on Saturday. Also the game with Renick will be played at the local field Tuesday, October 28, instead of on November 1, as previously scheduled.

The admission price for games here has been upped to 15 and 30 cents to take care of revenues required by the Federal Revenue Act of 1941. The school, according to local officials, has always tried to absorb as much as possible of the tax on admissions, but the recent enactment which calls for a one cent tax on 10-cent admissions, in addition to the other taxes which already apply, has made it impossible for the team to make ends meet with former ticket prices prevailing.

The Marlinton team was defeated, 6-0, by Coach Sharp's Hillsboro gridders last Saturday. Their game this week will be with Richwood, there.

but when he comes to witnessing for Christ, teaching or preaching God's Word, he must have Holy Spirit power or he is utterly ineffective.

III. Directed by the Spirit (Rom. 8:26-28).

The guidance of the Holy Spirit, especially in the matter of prayer, is stressed in these verses, but they are a part of a longer passage dealing with the indwelling, enabling, and guiding power of the Holy Spirit (read vv. 9-14). Every detail of life in the home, at business, or in social relations should be in conscious submission to His leading.

It is in the realm of the spiritual, however, that we find ourselves peculiarly infirm (v. 26), and this shows itself especially in prayer-"we know not how to pray as we ought." Then the Spirit in the Christian makes intercession. How blessed! "The practical meaning of these profound words seems to be that the divine Spirit, by His immediate influence in the saint's soul, which becomes as it were the organ of his own address to the Father, secures the rightness of the essence of the saint's prayer. To our understandings such intercessions with groanings which cannot be uttered, take the form of desires of ours, inspired and secured by Him. In any special case of prayer, the saint may or may not use words; but anywise the root-desires that underlie the prayer, being the Holy Spirit's promptings, are unutterable to the full. In the heart the Father sees below the surface of our ignorance the sacred longings which are the expression of the Spirit's influence" (H. C. G. Moule).

IV. Walking in the Spirit (Gal. 5:

Being born again of the Spirit, living daily by the Spirit, it is right that (as v. 25 puts it) "if we live by the Spirit, let us also walk by the Spirit." The works of the flesh, horrible in their wickedness and lust, are listed in the verses preceding (vv. 19-21), and then by striking contrast we have the fruit of the Spirit in the life of the Christian. Note the distinction: Work is something we produce; fruit is something that grows.

Walking in the Spirit the Christian finds in his life the inward graces of love, joy, and peace. These then express themselves outwardly in longsuffering, kindness. goodness, faithfulness, meekness, and self-control. The Spirit-filled man is not only a good man; he lives a good life.

### ON LEAVE

Among those doing their duty in the Army camps is Earl Wells, of Millpoint, pictured here, who is home for a short furlough.

### Red Cross War Relief Is Distributed Widely

As plans go forward for the annual Roll Call in Pocahontas county which will begin on Armistice Day, it has been learned that war relief to the value of \$47,087,052 has been extended to other countries by the American Red Cross, as of June 30, 1941. This total includes supplies valued at \$25,327,822 purchased by Federal agencies.

More than half the total expenditure has been for relief to Great Britain. Approximately 4,000,000 individual garments, 312,000 layettes of 20 pieces each and more than 25,000,000 surgical dressings have been shipped abroad.

REV. E. H. WISEMAN

### Writes of Work

U. D. C. SCRAP BOOK, AND IN POSSIBILITY OF STIFLING TH "WILL TO DO."

Pocahontas County Chapter, United Daughters of the Confederacy:

This year closed my work as couty historian but I have some speci work on the State Scrap Book whis goes to our state historian in tirfor her work for the general convetion to be held at Los Angeles, Cain November.

If any of our members have a special story as given by the veta ans, and would like to have it place in State Scrap Book or any one wis not a member of our Chapt please send to me at once as my wo must go to the state historian in very short time.

I am also a member of the St Committee on all southern flags a banners. How they were treasu by the old soldiers only history tell! Through friends and resea work I had quite a collection of ticles — war stories, pictures, dr ings and poems which I placed in Flag Scrap Book and sent to chairman of the State Committee.

I still have in my possession treasured booklet of the three sour ern flags adopted by the Confeder government; presented to me va a beautiful memory verse written the inside of the cover, by the Mrs. Norman V. Randolph of Ramond, Va.; one of the most noted most beloved members of the U. Dorganization, known to all the erans of the south as the "Mot of Richmond" for her deep interand tender care of the wounded disabled soldiers.

I thank all my friends who kindly sent very interesting articand life stories of beloved Conferate veterans and the flags un which they marched.

All the flags have been return and are placed in the museums a archives of the southern states a the Confederate museum, Richmo Va.

"Uncle Pud" in Air Corps

"Uncle Pud" Tucker, who is bringing smiles to the faces of many of the Journal's readers, is now in uniform with the Caribbean Air Force. Of course, we mean the newspaper "Pud."

Due to a letter which he wrote to a home town boy in the Air Force, "Uncle Pud" will be a full page feature in the "Lallavee," official Caribbean Air Force paper. The corps artist has put him into a uniform, and it is reported he looks real nice.

It may be well to remind our subscribers that "Uncle Pud" in reality is Dr. Hoy B. McCuskey, a councilman of the town of Middlebourne, Tyler county.

The best wishes of the editor of the Journal goes with the soldier "Pud" as he travels in the official paper to the entire personnel of all six bases from the Canal Zone to Puerto Rico, Jamaica, Georgetown, British Guiana.

# Hunter Killed!

A hunting party was turned into a tragedy Friday, October 31, when William Otis Price, 16 a Charleston high school freshman football player, was fatally wounded by L. S. Mooney on the Burner road, near Frank. The group, including the boy's father, J. A. Price, had been hunting in the Sinks country, and after leaving the woods, according to the story told to state police, who investigated, they were getting into their car, when the loaded gun carried by Mooney, was accidentally discharged.

The victim died before they could arrive at the hospital here.

### GREENBANK VICTOR

Greenbank's Golden Eagles won another well-earned victory last Wednesday when they romped over a stubborn Lewisburg eleven on the latter's field.

The Eagles kicked off to Lewisburg to start the game and the Senators looked as if they were touchdown bound but the Eagles took over on their own thirty. Then Greenbank started rolling down the field and in three plays had a touchdown, Smith plunging over for the score. Smith's attempt for extra point was good. The rest of the first quarter was played on even terms.

The Eagles scored again in the second quarter when Rader, Greenbank tackle, intercepted a Lewisburg pass and three plays later Gillispie, Eagle left halfback, skirted around right end for another touchodwn. Smith's attempt for conversion was wide. The teams seemed well matched the rest of the second quarter. The first half ended, the score 13 to 0 in favor of Greenbank.

Lewisburg kicked off first in the second half, and the third quarter was played mostly in the Lewisburg territory, with the Eagles driving at one time to the five-yard stripe, but lacking the punch to score.

The fourth quarter saw the Eagles score their final touchdown with Gillispie carrying the pigskin. scored the point after touchdown. In ton, D. ### MASS MEETING OF FARMERS HERE WEDNESDAY, NOV. 26

Agricultural Leaders Will Discuss Possibility of Establishing a Cooperative Service Store at Marlinton; Dr. T. K. Wolfe, of Richmond, to Speak at Assembly.

The establishment of a Southern States Cooperative service store at Marlinton will be considered when the farming public of Pocahontas county holds a meeting at the Court House in Marlinton Wednesday afternoon, November 26, at 1:30, according to George C. Deems, Roanoke, Va., district manager for Southern States Cooperative, who will assist with the program.

Sponsors of this meeting are the Pocahontas County Farm Bureau, Pocahontas County Cooperative Purchasing Committee, and Southern States Cooperative.

Dr. T. K. Wolfe, Richmond, Va., an official of Southern States, will outline the cooperative's program and

the details involved in the organization and operation of a local agency. Dr. Harry Solter Injured

Farmers of the Cass and Durbin sections are being served with Southern States supplies by John M. Kane

Southern States Cooperative provides its 116,515 farmer-members in West Virginia, Maryland, Delaware and North Carolina with approximately 200 farm accessories, including known origin seed and open formula feeds and fertilizers. All feeds and fertilizers are manufactured in the cooperative's own plants, according to recommendations made by the state agricultural experiment stations in the cooperative's territory. Every bag carries a tag, giving the number of pounds per ton of each ingredient used. In order to make sure that the same high quality in feeds and fertilizers is maintained at all times, the cooperative conducts a quality control laboratory which constantly analyzes ingredients and finished products. The organization operates its own fertilizer plants at Baltimore and Norfolk and feed mills at Baltimore, Norfolk, Roanoke, Va., and Statesville, N. C. By the middle of January the feed mill at Cincinnati will be completed and ready for operation. With a 60-car-a-day capacity, this plant will take care of the feed needs of farmers in West Virginia and other nearby areas.

More than half of the cooperatve's total business must be done with members, and more than 85 per cent with producers of agricultural products. There are no membership dues; a person becomes a member through his use of the cooperative's services. As soon as a person has accumulated enough patronage dividends to secure a \$1 share of common stock he becomes a member. Southern States furnishes all the capital to establish these cooperative stores and works closely with the local boards of directors in the management of the busi-

### ROTARY CLUB PLANS

### When Car Leaves Road

Dr. Harry Solter of Marlinton was the victim of an automobile accident Tuesday when his car left the road and struck a tree stump on a hill near Seebert. He was given first aid treatment by Dr. Holiday of Hillsboro. It is hoped his hurts are not serious, although he is said to have had two front teeth knocked out and others loosened, and to have suffered chest and back injuries, the extent of which have not been determined. The car was badly damaged. Dr. Solter has been taken to his camp at Wa-

Giving every evidence of individual enjoyment is this group of young sters at the Campbelltown graded school, who are partaking of their noonday hot lunch. Leslie Gehauf is principal of the school.

have a school lunch, many problems were planted and harvested. have a will they cook the food, this, fourteen thousand and five hunwill they get the food, and who will cook it?

The Board of Education furnishes lumber for tables, benches, screens, etc. They will also furnish coal for fuel, and will help with the purchasing of stoves. Besides this, they have and twenty-five bushels of root vegefurnished a truck and an old school bus to transport commodities to the different centers. In the school boards' budget there is a definite place for school lunches.

The Works Projects Administration furnishes all the labor, and the Department of Public Assistance furnishes surplus commodities.

Equipment for these lunch rooms s secured in many different ways. The P.-T. A. and Farm Women's Clubs show much cooperation here. At one center a member of the Farm Women's Club, who did not have any children in school, gave a cook stove. This same woman gave ten dollars worth of canned food. One Farm Women's Club canned one hundred and forty-five quarts of tomatoes for the school lunch. The different Farm Women's Clubs and Parent-Teacher organizations in the county helped with the purchase of stoves. These same organizations gave kitchen showers, cake walks, suppers, and many other entertainments to secure utensils and other kitchen equipment for their schools.

Drives, similar to the Aluminum their children bring in their own dishes, and the children are given unches for two weeks, after which the dishes become the property of the lunch room.

And just where does the food come There are many, many omen's Clubs sponsored the donations of their canned surplus. This more true when the program began than it is now. The Deartment of Public Assistance fured surplus commodities. These milk, canned and powdered; meal; dried beans; butter; meal; dried beans; butter, unes; apples; lard; grapefruit juice; anot butter; peaches; pork and ans and cereal. Of course you can that many more things are need. Two years ago the idea of commity gardens was conceived. As result this year twenty-seven acres

arise. The food and who will dred quarts of vegetables were canned; three thousand quarts of fruit were canned; one thousand bushels of potatoes were dug; two hundred and fifty gallons of sauer kraut were made; two thousand pounds of dried beans and corn were gathered, tables and cabbage were stored.

These gardens were planted and cared for by local WPA workers; the food was harvested, canned or stored by WPA labor. In some instances; the Farm Women's Clubs furnished the fertilizer, some helped with the renting of a garden.

But there are many other things needed to carry on a school lunch program, such as the staples — flour, sugar, cocoa, spices, etc. In some schools parents send in staples as Letters are written to the needed. parents telling them of these needs. However, in most of the schools, a small charge is made. In the grad-ed school, the charge is from one to three cents per day. In most of the schools, however, the charge is only one cent per day. The high school pupils are not required to participate in the school lunch program, but many of them prefer to. The usual charge for them is five to seven cents per day. Naturally boys and girls in high school eat more at this time than at any other age, and for this reason the charge is greater, but even so, parents say that they can-Drive, were sponsored, such as the not pack a lunch for the usual charge. Utensil Drive. There were Potato The welfare children are given meals Days, Jar Days, Dish Days, etc., to free. Each pupil is issued a ticket; help get supplies. Some of the the tickets of the welfare children schools got their dishes by having and the other children are exactly the same. In this way the fact that they eat free is not public. An attempt is made to get these children to contribute something no matter Mr. Brown from his f how small. Oftentimes a child is asked to run errands - any little thing that will help instill in him the For one thing, the Farm desire to live and work for what he before Magistrate T.

> Next comes the cooking of the food. It must be palatable and as attractive as possible. As has been mentioned, WPA workers are secured for the cooks. All employees must have a "food handler's" card. This is gotten by a thorough physical examination, including a blood test. Cleanliness, procedure, and good management is stressed. They must wear hair nets and clean uniforms.

### FIND STILL AT HOME OF CHARLES GOENS

State troopers from the local office and Marlinton town policemen
dug too deep during a recent investigation at the farm home of Charles
Goens, on the head of Improvement
Lick Run, and uncovered a first class
still in the hay-loft of the barn. The
still showed evidence of recent use,
probably in the process of distilling
apple brandy, it is reported, since a
small quantity of cider was found
nearby.

Goens was arrested and is being held in the Pocahontas county jail pending a hearing in the near future.

# OHN A. SYDENSTRICKER CHOSEN AS FEDERAL RESERVE DIRECTOR

Local Banker Wins Support DIRECTIONS FOR Of Financial Men in West Virginia, Virginia, Maryland and Both Carolinas.

With election assured some days ago, when all opposition withdrew upon the announcement of nominations for member of the board of directors of the Federal Reserve Bank, Richmond, Va., the elevation to that post of John E. Sydenstricker, cashier of the First National Bank in Marlinton, was announced this week after official count of the ballot was made.

Mr. Sydenstricker was chosen out of a five-state area, comprising West Virginia, Virginia, Maryland, North and South Carolina. The district membership for the Federal Reserve Bank at Richmond is made up of 450 banks in the five states. These banks are divided into three groups. and Group 3, which the local man represents is composed of 225 member banks.

There are but twelve Federal Reserve banks in the United States. The board of directors of each is made made up of nine persons, three of whom are bankers, while the other six may not be bankers, but must be important executives and business heads. Among those for the Richmond banking institution Mr. Sydenstricker will become a Class A direc-

trict membership for the Federal Reserve Bank at Richmond is made up of 450 banks in the five states. These banks are divided into three groups, and Group 3, which the local man represents is composed of 225 member banks.

There are but twelve Federal Reserve banks in the United States. The board of directors of each is made made up of nine persons, three of whom are bankers, while the other six may not be bankers, but must be important executives and business heads. Among those for the Richmond banking institution Mr. Sydenstricker will become a Class A director.

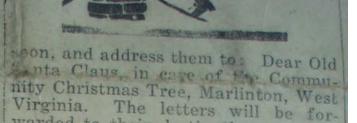

The new duties will entail attendance at board meetings in Richmond, Baltimore and other centers, although it will not demand the full time or services of the local cashier.

Mr. Sydenstricker was born at Hillsboro, in Pocahontas county, September 27, 1878. He was educated at Hillsboro Academy and Hampden-Sydney College, receiving his A. B. degree in 1900, and he is the recipient from that college of the Algernon-Sydney-Sullivan Medallion, given in 1935. He has served as cashier of the First National Bank here since 1903.

Mr. Sydenstricker has served his profession as president of the West Virginia Bankers Association in 1934, and has been a servant of the public and his nation in various capacities. Among these, as member of the West Virginia Council of Defense, chairman of the county Liberty Loan drive in the first World War; and member of the A. B. A. Agricultural Commission, Fifth District, from 1936 to the present time, and a member of the five-man West Virginia Farm Debt Adjustment Committee for the past three years.

Elected for an initial term of three years, the local bank cashier succeeds a member of the Federal Reserve Board who has served for 21 years.

225 Attend Meeting at County Courthouse; Hear Dr. and Dist. Mgr. Wolfe Deems Explain Program.

A unanimous decision to establish a farm organization to be known as Southern States Marlinton Cooperative was made at a meeting of 225 farm people at the courthouse in Marlinton, November 26. E. Clyde Bussard of Minnehaha Springs, president of the Pocahontas County Farm Bureau and chairman of the Southern States Advisory Board, presided over the meeting. The motion to launch a cooperative program was made by Howard Hevener of Arbovale and it was seconded by H. L. Stokes of Durbin.

The new organization, which to date has about 150 members, will have as its board of directors the local advisory board, composed of Mr. Bussard, Mr. Stokes, F. W. Ruckman of Millpoint, Clarence Buzzard of Huntersville, Marvin Hannah of Marlinton and Remus May of Beard. The board will set the policies of the organization and select the manager, and, with the cooperation of Southsrn States Cooperative, will direct the local program.

The only safe way to secure ecosomic and spiritual freedom brough cooperation," Dr. T. e, of Richmond, Va., an official bouthern States, told the farm attending the meeting.

Although no complete reports were available at press time, it is re ported the deer kill in Pocahontas county wa probably near 50 dur ing the first two days

# Harper is Victim Of Hunting Error

Still in a serious condition, but with a good chance for recovery, W. W. Harper, 59, of Buckhannon, is in Davis Memorial hospital at Elkins, the victim of a bullet wound from the gun of an unknown hunter, sustained while he was deering hunting Monday near Marlinton.

In the party with him were his son, William Harper, and a son-in-law, Robert Fowler, of Buckhannon; E. C. Andrick and Arthur Rader, of Elizabeth; John Landis and Damon Landis, of Marlinton, and Alex McNeil, Sr., and Alex McNeil, Jr., of

Hillsboro.

Mr. Harper is a partner of P. C. Curry, of this place, in sawmill operations in this state and Virginia. He is quoted as saying that the shot which wounded him sounded so close that at first he thought it was his own gun which fired it, but upon examination, it was found his gun had not been discharged. The bullet went through his body in the region of the abdomen. He was brought to Marlinton by members of his party, and then was rushed to Elkins.

## CAKE WALK AT HI GYM TUES.

# Miss Beard, Wm. Powell Married At Family Home

Descending the stairs of the his- cake atop which was a miniature 1790, Jessie Brown Beard, daughter of Mr. and Mrs. Brown B. Beard, approached an improvised alter directly dles, to take her place at the side of William W. Powell, son of Mrs. W. H. Powell, of Princeton, who was wearing the uniform of his rank as ensign in the United States Naval forces, to pledge with him allegiance to the solemn vows of marriage.

Preceding the ceremony, Mrs. A. E. Burner sang "Because," and "I Love You Truly," accompanied by Miss Doris Snyder of Durbin, and Miss Snyder sang Ethelbert Nevin's immortal "The Rosary," accompanied by Mrs. Gordon Mark of Marlinton.

"A Love Song of Long Ago," the wedding march and music for the recessional was played by Miss Snyder. Attractively gowned, the musiclams did much to enhance the beauty and solemnity of the oceasion. Mrs. Mark wore a black moire skirt with white embroidered blouse, Mias enyder's dress was black net, emprojdered with white flowers; the bodice and skirt were made of jersey, and she wore silver slippers, while Mrs. Hurner was clad in a red velvet tose, complemented with white flow-

May Beard was clad in a gown of an velvet which was smocked at walst and with a full skirt which soft folds; the dress had long end a button back, and with were a bonnet shaped hat of

toric home at Bartow, where some couple standing beneath a satin-covmember of the family has lived since ered arch to which had been tied small bouquets of forget-me-nots. On each side of the cake were white candles in crystal holders, and bouin front of a mantlepiece decorated quets also had been attached to these. with pine and graduated yellow can- A silver coffee set, white china dishes with a gold band, and Fostoria punch bowl and cups completed the table arrangements. On the buffet were yellow candles and chrysanthemums. Refreshments consisted of ice cream in twin tiers with wedding bells, a chicken salad, cake, sandwiches, coffee, mints and candy.

Mrs. Don Harper of Elkins, an aunt of the bride, poured the coffee, and Mrs. W. N. Snedegar of Elkins, also an aunt, presided at the punch bowl. Mrs. Kerth Nottingham of Marlinton cut the wedding cake, and Mrs. M. H. Brooks assisted throughout the rooms. Other aides were Miss Jewel Hiner, Miss Mary Elizabeth Berry, Miss Lorraine Beard and Mrs. Fred Moomau. Miss Ann O'Dell of Romney was the keeper of the bride's book. These attendants wore corsages of yellow roses and greenery and white tulle, tied with yellow and green ribbon.

The bride is a graduate of Greenbank high school and West Virginia Wesleyan College. She attended West Virginia School of Technology, and is a member of the faculty at Marlinton high school. Mr. Powell rraduated from Concord State Teachers College and is a former instrucfor of music and English of Marlinton high school.

by Mrs. Gordon Mark of Marlinton. "A Love Song of Long Ago," the wedding march and music for the recessional was played by Miss Sny-Attractively gowned, the musicians did much to enhance the beauty and solemnity of the occasion. Mrs. Mark wore a black moire skirt with white embroidered blouse, Miss Snyder's dress was black net, em-broidered with white flowers; the bodice and skirt were made of jersey, and she wore silver slippers, while Mrs. Burner was clad in a red velvet dress, complemented with white flow-

Miss Beard was clad in a gown of cream velvet which was smocked at the waist and with a full skirt which laid in soft folds; the dress had long sleeves and a button back, and with it she wore a bonnet shaped hat of net with a shoulder-length veil. Her only ornament of jewelry was a cameo locket with gold chain. was given in marriage by her father.

The maid of honor, Ruth Lowe, of Washington, D. C., was gowned in red velvet with tight-fitting bodice and full skirt, and tiny red velvet hat. She also wore white pearls. Mr. Powell was attended by his brother, Robert Powell, as best man.

At the place where the ceremony was read by the Rev. James C. Wool of the Marlinton Presbyterian Church, two four-foot silver vases had been placed. These were filled with yellow chrysanthemums, and to them were attached white streamers, leading to the stairway.

Receiving the guests were the mothers of the happy couple, Mrs. Beard wearing a teal blue dress and a corsage of copper chrysanthemums tied with copper ribbon, and Mrs. Powell wearing a golden crepe dress and a corsage of yellow roses. Assisting them was Mrs. Elmer Bauld of Clarksburg, a cousin of the bride, who wore a blue crepe blouse with gold trimming, and a black velvet skirt, and also flowers in her hair.

Following the wedding a reception was held for the eighty guests who stlended. The dining room was tastefully decorated, and on the lace-cov-

immortal "The Rosary," accompanied Mrs. Kerth Nottingham of Marlinton cut the wedding cake, and Mrs. M. H. Brooks assisted throughout the rooms. Other aides were Miss Jewel Hiner, Miss Mary Elizabeth Berry, Miss Lorraine Beard and Mrs. Fred Moomau. Miss Ann O'Dell of Romney was the keeper of the bride's book. These attendants were corsages of yellow roses and greenery and white tulle, tied with yellow and green ribbon.

The bride is a graduate of Greenbank high school and West Virginia Wesleyan College. She attended West Virginia School of Technology, and is a member of the faculty at Marlinton high school. Mr. Powell graduated from Concord State Teachers College and is a former instructor of music and English of Marlinton high school.

The numerous gifts which the couple had received were displayed John Lav in the sun room.

The complete guest list follows:

Mrs. Betty Powell, Miss Helen Powell, Bob Powell, Jack Powell and Mrs. M. H. Burton, Princeton; Mrs. Don Harper, Mrs. W. N. Snedegar, Elkins; Mr. and Mrs. James E. # Dick McElwee High Scorer

Dick McElwee, of Marlinton, the star of West Virginia University's football squad, has been designated as the top man in both scoring and ground gaining for this season.

Called the "Marlinton Flash," Mc-Elwee tallied 26 points in the 10 games that West Virginia played, and in ground-gaining, piled up 509 yards in 117 plunges, averaging 4.3 yards on each try. His scoring total was two points better than the mark set last year, and his ground advances added up to the best record ever attained by a Mountaineer back.

# Feed Sacks Make Acceptable Gifts!

By ELIZABETH H. SMITH News Editor Southern States Cooperative

Now that the time has arrived for Mrs. Farmwife to be giving serious consideration to what would be just the right gift for Aunt Susan, Cousin Jane, Mother, or daughter, and all the others on her Christmas list, we are wondering if the lady who is clever with her needle has thought about the humble, plain white, cotton feed sack. No, we would not suggest a gift of an empty feed sack, but we do say that the woman who has access to some of these unlettered bags has the potential solution to many of her gift problems. After a little washing, these bags are ready for transformation into any garment or household linen. Which of your homemaker friends or relatives has too many kitchen towels, luncheon sets, aprons, clothes bags, or the like? It is our guess that none of them have as many attractive linens as they would like, so you can rest assured that something fashioned from a bag would be highly appreciated.

This interesting material serves as a handsome background for embroidery and appliqued designs. There is also no end to the ways in which the cloth may be dyed. Some exception-

# This Week IN DEFENSE

Secretary of State Hull 7 p. m., at/ maintaining peace in the Pacific, Japan's forces attacked the Hawaiian Secretary Knox had flown to Islands, the Philippines, Wake and waii. Midway Islands, Guam, Hong Kong mately 3,000 casualties, one battleaged and a large number of planes put out of commission.

> Stating that "always will we remember the character of the onslaught against us," the President asked Congress to declare a state of war exists between the U.S. and the Japanese Empire. Following Congress's affirmative action, Germany and Italy-in acordance with their agreement with Japan-declared war on the United States. Almost immediately Congress declared war on the European members of the Axis. Addressing the nation by radio, the President said "it will not only be a long war, it will be a hard war. Not only must the shame of Japanese treachery be wiped out, but the sources of international brutality, wherever they exist, must be absolutely and finally broken. . . With confidence in our armed forces-with the unbounding determination of our people-we will gain the inevitable triumph. . . We will win the war and we are going to win the peace that follows, . ."

### ARMY AND NAVY ACTION

The President anonunced he had instructed the Army and Navy to take all steps necessary to U. S. defense. The War and Navy Department announced that the Army and Navy had beaten off attempted Japanese troop landings in the Philippines, sunk a 29,000-ton Japanese

While its envoys discussed with scored hits on the battleship Kongo; means of that Marine garrisons at Midway and Wake were holding out; that Navy

The War Department asked Congress for legislation to ship and a destroyer were sunk, sev- register all men 18 to 64 years old eral other U. S. ships severely dam-, and to permit use of men 18 to 45 for military service. Selective Service Director Hershey said it may be possible to raise the number of selectees in service from the present 800,000 to about 3,000,000 without outher than the 21-28 age groups. If Congress approves the induction of those from 28 to 35, now registered but deferred, another 1,-000,000 might be raised, Gen. Hershey said. SS national headquarters directed all local boards to reclassify ex-Service men who have been deferred because of prior service.

Congress passed legislation moving the ban on U. S. Army men from serving outside the hemisphere. Congress also granted the Army and Navy permission to hold enlisted men for the duration.

### CIVILIAN DEFENSE

Following air raid alarms in San Francisco and New York, the Office of Civilian Defense ordered all Pacific and East coast and District of Columbia air raid volunteers on the alert. OCD Director LaGuardia announced enrollment of 950,000 air raid wardens and other volunteers and called for three times the existing permanent fire personnel, one air raid warden for every 500. persons.

The War Department asked all Governors to be "on the alert" with home guards and State troopers available to meet any situation; instructed special plant protection ser-

structed special plant protection services to protect all arsenals, factories and storage depots against sabo-

Director McNutt of the Defense Health and Welfare Services asked Governors to complete mobilization of State health and welfare services. He also issued a call for young women to enroll in schools of nursing to meet critical shortages of professional nurses for the Army, Navy and civilian requirements.

COMMUNICATIONS

The Navy initiated censorship on all outgoing communications forbid publication of any naval information that might be of value to the enemy. The Army restricted information of troop movements except when announced by the War Department. The Maritime Commission requested the press, radio and other news channels to refrain from publishing information about merchant vessels in any waters.

The President authorized the De-Communications Board designate radio facilities of the nation for use, control, inspection or closure by Federal agencies. Federal Communications Commission prohibited operation teur radio stations in all U. S. Terri-

The Army and Navy announced casualty lists will be withheld from publication in order to avoid giving aid to the enemy in determining where and when and how many losses the U. S. had sustained. Families of casualties, however, will be notified immediately whenever possible.

LEND-LEASE TO CONTINUE

The White House issued a statement that "the Lend-Lease program is and will continue in full operation. . ." The statement said "It was the German hope that if the U.S. and Japan could be pushed into war, that such a conflict would put an program." end to the Lend-Lease Germany and Japan, the President in tiedyeing said, "are conducting their military being only and naval operations in accordance with a joint plan. . . The American people must realize it can be matched only with similar grand strategy. . .

# **State Labor Situation** Being Aired Abroad

West Virginia's labor struggles in-l cident to the organization by the CIO of many branches of state employment and several private industries engaged in fulfilling defense contracts, have now become matters of national interest.

On December 23, the column of Westbrook Pegler, "Fair Enough," was given over to a discussion of the labor situation in this state.

Mr. Pegler's statements, he said, were based on telegrams which he had received from the editor of The Nicholas Republican, at Richwood, where the CIO has been accused of violence in connection with attempts to organize the workers of the Cherry River Boom and Lumber Company there.

The Republican, in a front page editorial, also summarizes the events incident to the trouble at the Rich-

wood plant.

A part of the editorial is repro-

duced here:

"While the unanimous loyalty of the people of Richwood should have been welded together in a common band of patriotic loyalty designed to help protect America from further at tacks, some of them have and still are stubbornly and persistently permitting themselves to be influenced by less than a half dozen radicals whose apparent activities might well arouse the envy of the Japanese devils who are even now probably blasting away at our boys.

"After the Japs first attacked Pearl Harbor on December 7, for instance, a group of the employes of a local industry that is working on Defense materials for direct shipment to Pearl Herbur were fired upon from ambush with approximately 100 shots from high-powered rifles when they reported for duty at the plant on Tues-

"Since then the log trains of this defense plant have been twice fired spen from ambush with high-powered rifles on December 15 and 16 while it was tauling logs to the plant to be worked up into Defense materials for shipment to Pearl Harbor.

that while these rank repetitions of major sabotage . . . were being committed, it has been generally known that an injunction granted by circuit Judge H. E. Dillon, Jr., was in effect as copies of that injunction was publish verbatim in this newspaper and also posted in front of the city hall, in addition to being served by an officer of the law on the CIO organizing official who has led all the local CIO activity."

Asserting the failure of governmental officials to adequately meet the situation in Richwood, even after requests were made and repeated,

the editorial continues:

"Then, after sitting in his apparently CIO controlled office at Charleston all this time probably fully aware of what was going on in Richwood, governor Neely nobly arose to the occasion on December 17 by sending the telegram which is reported in another column on

" . . . We don't need conciliation nor arbitration here now, Governor. It's too late for that. What we need, in addition to what you've advised in the telegram, is the permanent absence from Richwood of the CIO organizers that you seem to love so well. Have some of your apparent bosses to get them out of town and we'll stake a reputation that within a few weeks Richwood will again become the industrious, patriotic and American town that it was before it was invaded by your pets, and the quiet, unassuming home of a peaceloving people at whose mountaineer patience we have begun to mar-vel. . . ."

### SEVERAL INJURED IN AUTO WRECK

Several persons were injured in an automobile accident at 7 p. m. Sunday, December 21 when the car of Virgil Boyce, of Renick, was apparently crowded from the highway by a car alleged to have been driven by Bolivar Roberts. According to reliable sources, Roberts was driving a Ford roadster in which he had just departed from the Log Cabin Inn, on Droop Mountain. The Boyce car was considerably damaged.

Roberts was treated at Frankfort and then sent to the hospital at Ronceverte, for injuries he sustained. And in the Boyce car, the following persons were hurt: Virgil Boyce, suffering from concussion, and cuts and bruises of the head and arm; Mrs. Jesse Boyce, chest injuries; A. W. Fuell of Otto, cuts and bruises; Nelson Boyce, aged 5, chest and abdominal hurts; Mrs. Claude Malcomb of Marlinton, cuts and bruises. Milton Boyce, riding in the same car, was uninjured.

# State Police Warn About Tire Thieves

State police here issued a warning this week to all motorists to be on their guard against tire thieves, due to the rationing of automobile tires.

Because of the enforcement of stringent restrictions announced by Price Administrator Henderson which virtually ban the sale of new tires to private auto owners, state police say that tire thieves are already busy stripping cars wherever the opportunity is afforded.

Already many reports have been broadcast in which it has been stated that cars were driven out on side roads, and there stripped of their wheels and abandoned. Later the tireless wheels have been found at distant points.

To combat such activity and to asist in the capture of the culprits, the troopers have urged that every auto owner make a list of the number and make of the tires on their cars. and to develop the habit of removing ignition keys whenever the car is parked, even if it is only for a moment or two.

In nearly every announcement concerning stolen cars, troopers say, the description says that "ignition keys and certificate of ownership were in the car."

But, they state, if motorists will remove the keys when they get out of their cars, the thieves will be hampered in driving the cars away. Also if tire numbers are furnished when cars are stolen and stripped the police may be able to identify the property when it is found. And if a driver is found with tire numbers cut away or marred, it will be almost a plain indication the tires have been "tolen and they probably will be confiscated, thereby depriving the crook of their use whether the rightful ownership is established or not.

Record the number! Ascertain the make of tire! Remove your keys!

Car Owners Must Pay Federal Privilege Tax

# Public Support is Urged For Byrd Committee's Nondefense Economies

Recommendations Contain Liberal Cuts for Agencies Considered Nonessential.

WASHNIGTON, Jan. 15 .- Special -Full support of the \$1,301,070,000 slash in federal nondefense costs recommended recently by a Congreshun sional investigating committee was ent, promised by Dr. Henry M. Wriston, chairman of the Citizens Emergency Committee on Nondefense Expenditures, nation-wide organization which cooperated with the legislators in suggesting possible savings.

"The savings recommended by the Joint Congressional Committee on Nonessential Expenditures are of the greatest significance, not only because they represent a turning of the tide, a recognition that government can no longer continue the seemingly limitless spending of the last decade," Dr. Wriston said.

Citizens throughout the nation must now rally to the support of Senator Byrd, Secretary Morgentnau and their colleagues on the committee, all of whom deserve the nation's gratitude for putting aside partisan and positical considerations and acting unselfishly in the public interest. The Citizens Emergency Committee also pledges its full cooperation in working to get these and other future recommendations passed by the Con-

The specific recommendations and estimated savings were: Apolition of the Civilian Conservation Corps, \$246,960,000; aboution or the National Youtn Administration, \$91,767,000; curtailment of the Works Progress Administration, \$400,000,000; abolition of the Farm Security Administration, deferment of land purchases and other agricultural curtailments, \$400,622,000; public works and federal highways (one-half deferment in public roads, \$64,000,000). other public works (determent of nondefense public building, Department of Interior Items and rivers and harbors and flood control items) \$97,726,000; cancellation of parations, \$170,000,000. In addition, the Committee recommended

# A Week of THE WAR

The President, in a message to aid would be reduced by the end of Congress, said he had directed Fed- the 1942 fiscal year \$600,000,000 eral agencies to arrange a new sched- from ast year and will be reduced ule of war production calling for another \$860,000,000 next fiscal year 60,000 planes in 1942, including 45,- when the total cost will be \$1,400,-000 combat craft, and 125,000 in 000,000 or about half of the sum for 1943, including 100,000 combat the present year. units; 45,000 tanks in 1942 and 75,-000 in 1943; 20,000 anti-aircraft guns in 1942 and 35,000 in 1943; 8,000,000 deadweight tons of merchant ships in 1942 and 10,000,000 in 1943.

The President told Congress he would order the U.S. armed forces to a world-wide front to find the enemy and "hit him and hit him again whenever and wherever we can reach him." He said U. S. forces would take up positions if necessary in the British Isles, the Far East and on all oceans and bases within and without the New World necessary to protect the Western Hemisphere.

The President proposed total expenditures in the fiscal year 1943 of \$77,000,000,000. Of this \$56,000,-000,000 would be for the war. He said total war expenditures are now at the rate of approximately \$2,000,-000,000 a month and may surpass \$5,000,000,000 a month during fiscal 1943. The President said he could not predict ultimate costs "because I cannot predict the changing fortunes of war," but he proposed an increase in tax collections to \$27,000,000,000. He aske careful Congressional consideration of income taxes collected at the source, payroll taxes, excise taxes and taxes on state and local government bonds.

Mr. Roosevelt said expenditures for farm aid, work relief and youth

### Fire Control Hints

At this time of year, when fires are being pushed to the limit, let us take every precaution to see that they don't get out of control. This is the admonition to Pocahontas citizens by P. R. Overholt, head of the Marlinton Volunteer Fire De-

He adds these worthwhile negatives, for positive protec-

### PRODUCTION PROGRESS

The Office for Emergency Management reported increased pooling of aircraft production facilities within the industry and with the auto industry, and concentration on superior types of lanes. The OEM said in almost every month of 1942 additional plants will begin production of planes with parts supplied by industrial

The War Department reported at least one plant of each of the 13 types required for the munitions program was completed in 1941, making a total of 28 now in operation. The announcement said 28 more will be-

gin production soon.

OPM Director Knudsen announced the auto industry must double its scheduled war output to handle \$5,000,000,000 additional war contracts. OPM formed a 10-member industry-labor committee to study conversion of the industry to war products.

### **EMPLOYMENT**

Labor Secretary Perkins reported 15,000,000 workers will be engaged in war production by the end of 1942 - three times as many as were so employed in the fourth quarter of 1941. There will be only a relatively small increase in total employment, however, Miss Perkins said, because many persons now working in civilian-goods industry will be shifted to war work. WPA announced 3,800,-000 persons were unemployed in December, 100,000 less than the previous month.

## CONSERVATION OF MATERIALS

OPM announced industrial conservation programs will be set up in more than 30 industrial centers to wreck old machinery and equipment to salvage needed materials; to minimize waste and spoilage, to handle scrap and speed its return to users.

OPM also recommended elimination of special deliveries of milk and substitution of every-other-day delivery for daily delivery to conserve agency recommended

### AMERICANISM

Is an Unfailing Love of Country; Loyalty to Its Institutions and Ideals; Eagerness to Defend It Against All Enemies; Undivided Allegiance to The Flag; And a Desire to Secure the Blessings Of Liberty to Ourselves and Posterity.

(Definition adopted at a joint conference of the Commanders in Chief of the five big Veteran Organizations in Washington on Feb. 18, 1927)

### TWO FRONTS

The United States must fight on two fronts.

First, there is the military front. American soldiers, is to obtain a decree cancelling, setsailors and airmen are fighting and dying in the Pacific. certain indenture made between the They are living up to the highest traditions of this nation's military history. They must be given the finest battle equipment in the world, and they must be given it in lavish quantity. All the resources of this nation, human and material alike, must be used to that end.

Second, there is the home front. We have said, time page 216; also to obtain a decree and again, that we are fighting to defend and perpetuate for naught a certain trust deed exfreedom. That is true. But the defense of freedom at ecuted by the Greenbrier Ore Comhome, as on the war front, demands more than lip service. It demands straight thinking from all. It demands July, 1941, and recorded in the Ofa people who will look squarely at the facts, no matter how unpleasant they may be. It demands the kind of national in Trust Deed Book No. 21, at page toughness that knows precisely what we are fighting for, and that will permit nothing to stand in the way of vic-lief. fory on the home front no less than the military front.

We will, of necessity, demand and accept a large measure of economic dictatorship during the war. Whether after the date of the first publication that dictatorship ends when the war ends, will depend upon the resolution and the understanding of the American is necessary to protect their interest people. The future of this country and this kind of government is in the balance. The people will decide which way the scales are tipped.

The free enterprise system is at stake in this war. Up- County of Pocahontas. on the maintenance of free enterprise all the other freedoms - freedom of press, freedom of speech, freedom of religion - hinge and depend. Anything which weakens and emasculates free enterprise is the enemy of the nation. We cannot have an ever-expanding bureaucracy and have efficiency. We cannot allow non-defense spending to go on unchecked and expect to avoid economic collapse. We cannot punish industry and expect it to be able to do its utmost.

There is nothing dramatic about these statements. They are simply homely truths. The winning of this war - and the winning of the peace that follows - will depend on how well the American people understand them.

There has never been such unity as this country has at present. Every American stands solidly behind the President in the pledge to wage war until international gangsterism is destroyed. The spirit of the nation is one of grim, uncompromising determination. But let all remember that the home front is as vital to war and to the perpetuation of our way of life as the battlefront. There will be subversive influences on both fronts. Only an example aware people can prevent their depredations.

We fight for freedom, then. And we must fight for it all the way - fight for it here in America, no less than in the broad reaches of the oceans and the lands beyond.

# Enemy Aliens To Come Under New Mandates

Attorney General Francis Biddle today announced new regulations af-'ecting the conduct of German, Italian and Japanese nationals throughout continental United States.

The new regulations, issued under authority of the Presidential proclanation of January 14, 1942, relating o alien enemies, require all German, Italian and Japanese aliens to apply the nearest first or second class, rounty seat, post office for a Cerificate of Identification. The requirement applies to all enemy nationals 14 years of age or over who have not yet taken the oath of allegiance before a Federal judge, the final step in acquiring American citizenship.

The identification program, which will affect approximately 1,100,000 German, Italian and Japanese non-citizens, will be directed by Earl G. Harrison, former Director of Alien Registration and now a Special Assistant to the Attorney General advising on alien problems.

The regulations provide for two

Idaho are required to file applications at the nearest first or second class, or county seat, post office between February 2 and February 7, 1942, inclusive.

2. All German, Italian and Japanese nationals residing elsewhere in continetal United States are required to file applications at the nearest first or second class, or county seat, post office between February 9 and February 28, 1942, inclusive.

Failure to comply with the new regulations may be punished by severe penalties, including possible internment of the enemy alien for the duration of the war.

The regulations require enemy aliens, in applying for identification certificates, to provide a photograph of themselves (to be attached to the identity card) and to answer a number of questions concerning their current activities. Printed directions for the filing of applications will shortly be available at post offices.

The regulations provide that after a careful check has been made of each application, the applicant will be provided with a Certificate of Identification bearing his photograph, index fingerprint and signature. He will thereafter be required to carry the certificate with him at all times.

## To Examine Postmaster Applicants for Office at Huntersville Next Month

An examination for the position of fourth class postmaster at Huntersville, W. Va., to fill a contemplated vacancy at that place, have been announced by the United States Civil Service Commission.

Receipt of applications will close January 30, 1942, and the date for the assembling of competitors will be stated in the admission cards which will be mailed to applicants after the close of receipt of applications.

The examination will be held at Marlinton, according to the announcement, which also stated that the compensation of the postmaster at the Huntersville office was \$736 for the

last fiscal year.

Applicants must have reached their twenty-first birthday and not have reached sixty-five on the date of the close of receipt of applications. They must reside within the territory supplied by the post office, and all citizens of the United States who can comply with the requirements may take the examination for the job.

Application blanks, Form 9, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the U. S. Civil Service Commission, Washington, D. C.

# CROWD EXPECTED FOR PRESIDENT'S JUBILEE

Branner, Horner Orchestras RATIONING BOARD Secured for Tomorrow's Dance: Beckett Cites Increasing Need for Funds.

Emphasizing that the last three years have been the three worst years in the epidemic history of infantile paralysis in the United States, Virgil Beckett of Hillsboro, chairman of arrangements for this year's President's Ball in Pocahontas county, believes a large crowd will be present for the dance at Hillsboro on Friday, February 13.

Mr. Beckett announced that Eddie Branner and his Orchestra, of Broadway. Va., will furnish music for the round dancing, and Ray Horner of Huntersville will play for the square dancing, with Marvin McLaughlin as the figure caller for the latter.

said, "have produced over 25,000 new cases of infantile paralysis. basis of 75 per cent of patients requiring treatment for crippling aftereffects and at a rate of \$1,000 per case, which is a conservative estimate, the more than 25,000 new cases of the past three years would require over \$18,750,000. This total has to be spent either by the federal, state, county and local governments, the hospitals and the family of the

# MAKES TIRE REPORT

The Pocahontas County Rationing Board has issued the following additional tires for January:

Frank J. Deputy, lumber manufacturing, truck-two tires, one tube.

L. E. Kisner, coal hauler, trucktwo tires, two tubes.

Emery Ware, timber products, truck-two tires, two tubes.

W. W. Harper, lumberman.

The following complete report for January has been filed with the local Defense Council:

Quota ahotment: Passenger, tires, 5 tubes; truck, 23 tires, 18

Applications received: 10. Applications disapproved: None. Certificates issued: 10.

Number of tires and tubes author-"The last three years," Mr. Beckett ized to be purchased: Passenger, 6 tires, 5 tubes; truck, 16 tires, 15 tubes.

> Unassigned quota: Passenger, no tires, no tubes; truck, 7 tires, 3 tubes. Foreign certificates issued: None.

The local Rationing Board has been advised that persons who purchased new passenger cars prior to January 1, 1942, may have these cars delivered between Ferbruary 12 and February 26. The prerequisite for delivery must be complete documents in writing as proof of such sale. the sale is satisfactorily proved the local board may then issue a certifi cate which must be presented to the dealer before the car cen be delivered.

The eligibility classification for new passenger cars and trucks will be received in the near future and pubished accordingly. Persons who are within the eligibility classification may be issued a certificate to purchase new passenger cars after February 26.

# NEA Warns Danger of Losing Teachers

BOARDS ADVISED DETERMINED EFFORT WILL MAKE SALARY ADJUSTMENTS POSSIBLE.

Washington, D. C., Feb. 12.-The National Education Association is currently urging the local Board of Education "to help avert a serious threat to the schools" represented in the rocketing costs of living which have commenced to force qualified teachers into other lines of work, cutting the quality of educational opportunity to the danger point. "This capable and experienced teachers," says the letter written by Willard E. Givens, executive secrelary of the National Education Association, "can be prevented in your community only if the members of he local boards take immediate steps to make adequate salary adjustments. school budgets must be larger. Through determined leadership this can be done."

Accompanying Secretary Givens letter was a brief description of the streation in the schools. Charactering "effective and universal education as the bulwark of self-government," the Association pleads "that weaken our long-time defense democracy as we did in the war 1917-18 when vacated classrooms filled largely by unqualified people because inflated living costs complete low-salaried teachers to accept wages in business and indus-

a survey just completed by the National Education Association was quoted to show that an acute shortage of teachers already exists in at least thirty-four states.

Newspaper stories from regions widely separated geographically were cited to supplement the findings of the survey. A recent Associated Press story from Georgia announces that more than 1,000 school teachers in that state have resigned since last July 1. A story reproduced from the Wichita Beacon indicates that before the end of October there had been an almost 50 per cent change in the personnel of the local teaching staff in Sedgwick County, Kansas. Similar press reports from Minnesota and Maryland show that these states are finding it difficult to get teachers with necessary qualifications and are already contemplating the relaxing of regulations for the qualification of teache rs.

Standards are being lowered by the granting of "special certificates, according to the Association study. "It is estimted that between 5,000 and 10,000 emergency certificates will be granted during the coming year, permitting persons to enter the profession at lowered standards."

The National Education Association points out that some boards of education are already meeting the situation by salary adjustment. some cities a 10 per cent "cost-ofliving bonus" has been added to ex-

isting salaries.

nt.

According to the National Education Association this is one of the most urgent appeals in the 84-year history of the organization, made directly to boards of education to take action for the protection of the schools.

Samuel Lee Gay

Pocahontas county's first victim of World War II, so far as is known from available reports, was returned to his home for interment Wednesday.

He was Samuel Lee Gay, 21 years and 4 months old, who died February 5, 1942, in an air accident during a routine flight near West Palm Beach, Fla. Young Gay was a member of Training Squadron No. 1 and was stationed at the United States Naval Air Base at Miami, Fla. He enlisted in the Navy in 1940.

Samuel Lee Gay was a son of Mr. and Mrs. Cecil Gay, and was born at Edray, October 2, 1920. He attended Edray District high school in 1936.

Surviving the young flying sailor who lost his life in the service of his country are his parents; five sisters, Mrs. Harry Stafford of Philippi, Madge, Opal, Grace, and Eleanor, at home; and four brothers, Albert, Merl, Jimmy and Sterl, at home.

Characterized as a good boy, the deceased flyer was well liked by all who knew him.

POSTMASTER WARNS OF 'CHAIN LETTERS'

Upon the assumption that perhaps many persons may not be aware of the serious penalties involved, Postmaster Kerth Nottingham of Marlinton this week issued information to the effect that all persons should refrain from participating in the endless chain schemes soliciting defense

savinge stamps.

Mails in all parts of the country, accoding to reports from The Postal Bulletin, are still being flooded with chain letters purporting to bring a huge return in the form of defense stamps. But The Bulletin calls attention to the illegality of depositing in the mails matter relating to such schemes. The postmaster warns that ending such matter through the mails is a violation of the postal fraud and lottery statutes, and perons engaging in promotion of chain etters are liable to be summoned to how cause why fraud orders should not be issued against them if the act comes to the attention of the Post Office Department.

HOBBYIST BRINGS SPY SCARE; F. B. I. ORDERS RELEASE

Apparently the innocent cause of speculation concerning much enemy spy in Pocahontas county, Edwin Stauffer Graf, of Philadelphia, Pa., an American-born German whose hobby seems to be photographing railroad yards and stations, ascertaining train times and collecting maps, was released after detention here by the state police pending a check with Federal Bureau of Investigation authorities.

Graf was detained February 11 after being taken into custody at Durbin. He is alleged to have had in his possession numerous maps and pho- cation and no tir tographs of railroad stations and issued to persons railroad yards in various places, in-cation. If a per cluding the one at Cass in this county. Graf also had train schedules and imetables in considerable quantity. Upon being questioned he is reported to have said collecting these trophies was his hobby, and that he was on a train trip from Florida back to his home at Philadelphia, and had a ticket for that destination.

Graf said he was 38 years old.

After checking with FBI agencies in Philadelphia and Huntington, local state police released the suspect, who left immediately by bus.

There will be a shortage of certain new farm machinery this year, because production has been cut to 83 per cent of the 1940 production level. Farmers are asked to buy only machinery needed to relieve labor short-age, help meet "Food for Freedom" production goals, or replace equipment which is beyond repair.

Floyd Hively, Washington, D. C., spent the week-end with his father and mother, Mr. and Mrs. W. A. Hively. His uncle, John Hively, accompanied him back as far as Charlottesville, Va., to consult a doctor and possibly take a treatment in the hospital there.

Dale Gay is contemplating having a throat operation in the Pocahontas

Memorial Hospital this week.

Several persons from this community attended the funeral of Samuel Gay at Edray. We were very sorry to hear of his death and the bereaved family has our sympathy.

Miss Margaret Hively spent last Tuesday night with her friend Miss

Manell Sharp at Frost.

Janes and Virgil Shrader and Orace and Howard Jackson spent one night last week with the Hively boys.

#### A CARD FROM THE NAVY

Mrs. W. A. Hively got the following postal card from her son Carl, who is in the U. S. Navy. Dated February 4, 1942, it read: "Dearest Mother: Just a line I saw Forts

Former Governor Writes Neely's Moose Activitie Bailey Moves to 'Table.'

Reports carried in daily papers the state this week give evidence t the Democratic state committee twice refused to give audience fomer Gov. H. G. Kump of Elkins

In a three-page letter to Democ ic Chairman A. Hale Watkins, Ku attacked Gov. M. M. Neely for activities as national governor of Loyal Order of Moose, it is said.

He charged that the present ernor could not attend to his adr istrative duties and earn "large su elsewhere.

When Watkins began reading letter from the former governor ing the committee's session, accorto reports, a point of order was ra by acting Budget Director Cleve M. Bailey and the communica was tabled.

Neely is in the mid-west conduc a defense bond drive for the Me Kump alleges in his letter

# Local Tannery Dem Committee Kump to Appear

Former Governor Writes of Neely's Moose Activities; Bailey Moves to 'Table.'

Reports carried in daily papers of the state this week give evidence that the Democratic state committee has twice refused to give audience to fomer Gov. H. G. Kump of Elkins.

In a three-page letter to Democratic Chairman A. Hale Watkins, Kump attacked Gov. M. M. Neely for his activities as national governor of the Loyal Order of Moose, it is said.

He charged that the present governor could not attend to his administrative duties and earn "large sums" elsewhere.

When Watkins began reading the letter from the former governor during the committee's session, according to reports, a point of order was raised by acting Budget Director Cleveland M. Bailey and the communication was tabled.

Neely is in the mid-west conducting a defense bond drive for the Moose.

Kump alleges in his letter that Neely "is now away engaged as supreme dictator, or governor, of the Moose lodge, from which he is said to receive \$25,000 per year salary, traveling expenses and other large sums," and asserted that the people 'are deeply concerned and gravely solicitous over the prolonged absence of the governor from his post of duty in this tme of public peril and emergency - at a time when our citizens are being drafted for military duty and as war proceeds."

predecessor as supreme dictator a son were named from Edray; F. W. reported to have received \$1.00 for Ruckman and G. C. Beard from Little each member in the Moose, I do not know how much the governor receives for such new members, but I do know Hevener and Charles Wilfong from that he cannot perform his duties as Greenbank District.

#### 'NO BASKETBALL' CONTEST ENDS UP WITH 'NO WINNER'

The annual clash between the erstwhile basketball teams known as the Arthritics and Rheumatics, under the captaincy of Harper Smith and Charles Richardson, respectively, occurred last Friday night for the benefit of the Marlinton Public Library, and so far as can be ascertained the library was the only thing that benefitted, unless one can call it a benefit to apply arnica to muscles long unused, or to laugh until his sides hurt.

Nobody knows who won - and nobody cares. But Paul W. Haddock, chairman of the library, reports that 30 books were received for boys in service and \$16.20 in cash came in the free will offering.

A million dollars worth of basketketball ineptness was demonstrated by the following persons:

nghting equipment, gas masks, protective clothing and emergency medical supplies.

Assistant Secretary of State Berle, speaking in Des Moines, Iowa, said the U.S. is determined to fight an aggressive war, rather than a defensive one, and "the fruits of victory will be available to every free people hroughout the world." Mr. Berle said "We can no longer think of ourselves as a supply base . . . Our work is more than that of making guns ing System and planes and tanks. Winning the war is now America's job." He said all signs point to big offensives this spring against the United States.

#### FOREIGN RELATIONS

President Roosevelt announced a new loan to Russia is planned because the original Lend-Lease authorization of a billion dollars has been obligated for future deliveries. Commitments for making American war materials available to Russia were maintained up to schedule until December 7. Delivery of supplies for Mood the Soviet Union slowed down in December and January, he said, but will be brought back up to schedule by March 1. Under Secretary of State Welles said answers from the Vichy Government to this country in regard to French aid to Axis forces in North Africa were considered unsatisfactory. Mr. Welles said the French Ambassador had reported, however, no commitments have been made by the French to Japan in regard to Madagascar.

#### PRODUCTION AND CONVERSION

The War Production Board announced war production of the "big three" automobile companies - General Motors, Chrysler and Ford will be running at a rate of almost \$11 billion when they reach peak production on present orders. The companies will need 900,000 to 1,000,000 workers as compared with a peacetime peak of 550,000. The Board said war expenditures authorized by Congress, including pending bills and Lend-Lease, totaled \$145 billion on February 15. Chairman Nelson issued a set of regulations regarding the employment of dollar-a-year men by the Government. The Army Ordnance Department ordered ordnance chiefs in the 13 districts of the U.S. to provide engineering assistance to small manufacturers whose plants could be converted to arms production.

#### POCAHONTAS FAIR TO BE AUGUST 24-29

The state department of agriculture has announced that wars may come and wars may go, but most county and district fairs will be held in West Virginia as scheduled this year.

Officials pointed out that "fairs as usual" decree would aid rather than retard the war effort, as they would provide close-home recreation and increase interest in livestock and the growing of vegetable

gardens.

Only 14 of about 24 fairs in the state have been definitely scheduled as yet. They are: West Virginia State Faiar, Lewisburg, Sept. 14-9; West Virginia Great Free Fair, Dunbar, Sept. 5-13; Jackson's Mill Four-H Fair, Sept. 22-24; Pocahontas County Fair, Marlinton, Aug. 24-29; Ritchie County Fair, Pennsboro, Aug. 25-28; Fayette County Fair, Fayetteville, Aug. 14-16; Clay County Fair and Homecoming, Clay, Sept. 16-19; Tucker county Fair, Parsons, Sept. 28-Oct. 3; Barbour County Street Fair, Philippi, Sept. 23-25; Helvetia Community Fair, Helvetia, Sept. 10-12; Putnam County Fair, Winfield, Aug. 26-29; Clay District (Monongalia county) Fair, Daybrook, Sept. 10-12; Wirt County Four-H Fair, Elizabeth, Aug. 19-21; and Pleasants County Fair, St. Marys, Sept. 16-18.

Other tentative fair dates are: Gilmer County Fair, Glenville, August 26-29; Oglebay Park Regional Fair, August 27-29; Jackson County Fair, Ripley, Aug. 26-29; and Braxton County Fair, Sutton, Sept. 8-13.

Register for Defense Tasks

Guy Faulknier of Marlinton is visiting the various communities in the county this week, registering those who will volunteer for civilian defense tasks. Following Mr. Faulknier's visit, designated persons in the communities will continue to receive registrations.

In a telephone communication shortly before press time, Mr. Faulknier stated that those who did not sign up with him for volunteer work may do so by contacting the following persons:

B. J. Snyder, Bartow.

Mrs. H. M. Widney, at Kisner's Store, in Frank.

C. F. Hull, at his office, Durbin. Hannah's Store, Greenbank.

Mrs. W. H. Fulks, at Pocahontas Supply Co., Cass.

John Pritchard, Dunmore.

Mr. Faulknier will be in towns in other sections of the county during the remainder of the week, and following the volunteer enlistments the organization headed by Gordon G. Mark, White Sulphur district ranger, will make plans for their training.

## RED GROSS DELEGATE VISITS GERMAN PRISON

# Farmers' Rally **Attracts Crowd**

A discussion of the value of cooperation among farm people was presented by Dr. T. K. Wolfe, Richmond, Va., an official of Southern States Cooperative, at a public farmers' meeting in the Marlinton high school auditorium Tuesday evening, March 10.

"When we consider that a fourth of the nation's population is composed of farmers and that this fourth receives only about an eighth of the national income, we realize that something is wrong," Dr. Wolfe declared. "It is often said that farmers can't cooperate, but this meeting is evidence that they can. The program of self help through cooperation which is being introduced into this county is designed to help farm people find economic and spiritual freedom."

Lacy Hevener of Gap Mills told about the Greenbrier Marketing Cooperative and explained how it can benefit farmers of this section.

Some of the aspects of cooperation were presented by H. L. Stokes of Durbin who presided and by E. Clyde Bussard, manager of Southern States Marlinton Cooperative.

The American internees recently assembled in "Ilag VII," a prison camp at Laufen, near Salsburg, Germany, were reported as badly in need M of cloaks, clothing, underclothing and shoes by an International Red Cross Committee delegate who visited them. The internees also requested food packages and tobacco. Plans already had been made for distribution of food packages and tobacco from the American Red Cross stock of prisoners of war packages maintained in Geneva, and the visiting delegate witnessed arrival of the first of these.

The clothing, to be purchased in Switzerland, will be sent to the prison camp for distribution through the International Red Cross Committee.

Delegate Georges Broeder of the International Red Cross, who visited the interned Americans on February 21 reported that 222 were interned, although the number was variable, due to arrivals from nations occupied by Germany. He gave the previous countries of residence of the Americans who were yet to be brought to the camp as follows: 50 from Belgium; 250 from Compeigne, occupied France. Those now in camp included 160 from the General Government of German-occupied Poland; 6 Czecho-Slovakia; 18 from Nethernan, Mill Point, for a term of three lands; 33 from Germany; one from

veison, Durbin, U. U. Deare, Dracy fork; Randall Sharp, Huntersville; Robert S. Gay and E. B. Callison Marlinton; Ivan L. Sharp, Slatyfork; J. M. McNeel, Mill Point, and Sam Barlow, Dunmore.

G. L. Leitze, Roanoke, Va., district manager for Southern States, presented the movie, "Dad Brown's Job," which gives highlights in the life of a successful farm family. He also announced that the organization is holding open house all the week of March 16 at its headquarters in Marlinton. Mr. Leitze awarded prizes to winners in the following contests: Bag opening contest, first prize going to Randall Sharp and K. T. Wilfong, Huntersville; second, to Franklin Gainer, Durbin, and Ulrick Alderman, Huntersville; third, to Hubert Pyles, Seebert, and Lester Nelson, Durbin. Thread unwinding, Mrs. J. A. Sydenstricker, Marlinton. Candy contest, Gray Jackson, Marlinton. Special prize went to Mrs. Hansen Moore of Minnehaha Springs.

A musical program was furnished by William Arbogast and his String

orchestra of Dunmore.

Organizations sponsoring the meeting, which was attended by more than 250 rural people, were J. M. Kane and Sons of Cass, A. O. Pyles of Seebert, Dave Sharp of Slatyfork, and Southern States Marlinton Cooperative.

#### ractices, DR. LISTON TO PREACH SUNDAY

th ever- Dr. R. T. L. Liston, president of Samson, Davis and Elkins College at Elkins, will preach at the Oak Grove Presbythe ad-terian Church Sunday, March 22, at ing the 12 o'clock wartime, it is announced to that by Rev. J. K. Fleming, pastor. The public is invited.

kets and one mattress. Their clothing is in bad condition and the camp authorities have distributed to them 200 used British uniforms. The food, same as in other prison camps, is slightly insufficient. judged Per month, meat 1,325 grams; fish 248; margarine 720; cooking fat 320; food pastes 500; marmalade 770; potatoes 4 kilograms; cabbage, carrots 6 kilograms; sauerkraut 1080 grams; bread 330 grams per day. Usual menus, morning, tea substitute; noon, soup containing 40 grams meat, 25 grams beans, 10 of fat, a few potatoes; evening, same, sometimes kraut. American cooks who are internees prepare the food. Hygiene and disinfection good. Latrines sufficient. One hot shower weekly.

"Infirmary, good and shelters 15 patients, directed by a German doctor aided by 4 doctors, 3 students of medicine, one dentist, one pharmacist, all internees. Urgent operative cases well treated in hospitals in nearby cities. Prisoners not generally in favorable health, due to suffering from heart disease, diabetes rheumatism, and one is tubercular. No epidemic. Only urgent dental cases treated. No prothesis done.

"Two interned pastors. Worship is well organized. Library contains A ten books from YMCA, which in ad-solo dition will send language courses, dic- mer tionaries, musical instruments, games. She

"Prisoners may write 3 letters and 4 cards per month. Delegates were ber present when first food packages ar- Mrs rived from the American Red Cross. The internees may receive one visitor Mrs per month. They have already taken disc one walk of two hours outside camp, Cov which will be repeated. They cannot possess more than 50 marks per mee month."

#### THE WAR FRONT

Gen. MacArthur's small air force sank more than 30,000 tons of Japanese shipping in Subic Bay, resulting in the loss of thousands of enemy soldiers. U. S. forces in operations west of the Gilbert Islands destroyed 16 of a formation of 18 Japanese heavy bombers. U.S. submarines in the Far East torpedoed 10 additional enemy vessels. Enemy U-boats in the Atlantic sank the destroyer Jacob Jones, an ore carrier and two freighters. Gen. Wavell was relieved of command of United Nations forces in the East Indies to resume as Commander in Chief of India.

Treasury Secretary Morgenthau asked Congress to increase this year's Federal revenue by at least \$7,600 million to reach the \$27 billion goal set by the President in his Budget Message. Mr. Morgenthau recommended income taxes be doubled on incomes below \$10,000 to help raise \$3,200 million. He also recommended increases of \$3 billion in corporation taxes and \$1,340 million in excise taxes. He asked that the national debt limit be raised from \$65. to \$125 billion.

President Roosevelt signed the \$32. billion Fifth Supplemental War Appropriation Bill providing \$23 billion for the Army. Congress completed action on legislation increasing the pay of enlisted men and officers serving outside continental United States. The Senate approved a bill providing clothing and equipment allowances of \$150 for commissioned officers, Secretary Stimson announced formation of the Seventh Armored Division with 10,000 men at Camp Polk, La. said sulfanilimide is now standard

growers can receive for grease wool sold on the farm. This statement is made jointly by Claude R. Wickard, secretary of agriculture, and Price Administrator Henderson, because of evidence that certain wool dealers have been deliberately misrepresenting the facts in their negotiations with wool growers and claiming the regulation prohibits them from paying more than 37.1 cents for grease wool on the farm.

Home radio manufacture is stopped after April 22, but plans are being Mrs. P devised to maintain stocks of materials and parts to keep the 60 million sets now in 87 per cent of the homes in repair.

Manufacture of rubber tired farm tractors ends May 1 by WPB order: Rubber shortage.

After taking cuffs off pants for men, WPB announces intention to "freeze the existing silhouette" of ladies 1942 apparel to save material. Idea is to keep dresses now in use from going out of style. Order expected any day.

Military and war industries need all the 16-millimeter sound projecting movie machines obtainable, and government is appealing to all individuals and organizations, even schools, to sell them to the government.

#### THE DEFENSE FRONT

In the month of February, the sales of Defense bonds, alone, in the United States, totalled \$703,200,000, Administrator Roy Yoke of the West Virginia Defense Savings Committee, announced today.

#### ARMY BOMBER CRASHES NEAR DURBIN; 1 KILLED

FLASH!

Although all details had not been completely ascertained, and efforts at the time this printing was made had failed to determine its point of departure or intended destination, what was apparently a huge Douglas bomber crashed near Durbin shortly after noon Wednesday, and then was totally destroyed by fire, killing its lone occu-

According to P. J. Hanlon and W. H. Robin, who are connected with the ranger station at Bartow, and who arrived at the scene of destruction about 15 minutes after the crash, the plane went out of control, was straightened out in its course, and then dashed to the earth. Later reports from Hanlon stated that other persons had reported the Army fortress had passed over Cass, and followed the course of the Greenbrier river toward Durbin, and is reported to have been making odd noises at different points along the route.

The plane was lying in John's Run, about 11/2 miles off of Route 250, Mr. Hanlon said, and could not be approached because of its flaming condition. It was sometime before the exact number of occupants could be determined, and this uncertainty gave rise to a report that two men died in the crash. However, in a telephone conversation with the Journal editor shortly before 5 o'clock, the Forest Service employe stated that only one body had been discovered. Efforts were being made through airline officials at Elkins to determine if the plane was being ferried from the West.

Since his paper was already in the mail when word was received concerning the mishap, Calvin W. Price, editor of The Pocahontas Times, hurried to the Journal office in an effort to pass the word along to us before press time. The Journal also being on the press, it was decided to use this means to inform our readers of the tragedy.

Sheriff Ward Hudson and state troopers from the Marlinton were among the early arrivals at the scene of the crash, Mr. Hanlon said, and estimated a crowd of 75 or more persons had assembled within an hour. Frank Mc-Laughlin, deputy sheriff, and Clarence Smith, undertaker, left Marlinton early in the afternoon to bring the charred remains to the Smith Funeral home here.

ment.

The WPB said deliveries of gasoline to service stations and bulk consumers in 17 Eastern States, the District of Columbia, Washington and Oregon will be cut by one-fifth beginning March 19. Service stations in the curtailment areas must limit their operations to a maximum of 12 hours in any one day and to a total of 72 hours a week, except to provide service for certain essential civilian users. To conserve stocks of fuel oil in coastal areas, the Board curtailed installation of new fuel-oil burning equipment in the States affected by the gasoline order. Price Administrator Henderson asked filling station attendants to impress on motorists the necessity for saving automobile anti-freeze for use next winter.

Army Chief of Staff Marshall said reorganization of the Army has reduced the General Staff from about 500 officers to 98 who will concern themselves primarily with planning of military operations. The War Department's Construction Advisory Committee and the Contract Negotiation Board were consolidated into the Construction Contract Board which will recommend and negotiate contracts awarded by the Engineer Corps. Navy Secretary Knox announced Admiral E. J. King, Commander in Chief, U. S. Fleet, will also be Chief of Naval Operations. Admiral H. R. Stark was named Commander, U. S. Naval Forces operating in European waters.

United States forces in one raid on Japanese shipping sank two Japanese ships, set four more on fire and beached one. In another action U. S. naval forces sank a heavy destroyer and a large tanker and put three cruisers and one aircraft carsank three freighters and one passenger cargo ship, shot down five there. enemy bombers, and destroyed three

## Have YOU Been Duped by Nazi Propaganda? It's Going Around!

That the United States is now being subjected to a "total barrage of the Nazi strategy of terror" is the warning contained in a documented pamphlet entitled "Divide and Conquer," released last week by the Office of Facts and Figures.

For the first time the government lists the fifteen Nazi propaganda objectives in the United States and asserts "Hitler wants us to believe

that:

Democracy is dying.
Our armed forces are weak.
The 'New Order' is inevitable.
We are lost in the Pacific.

Our West Coast is in such grave danger there is no point in fighting

The British are decadent, and 'sold us a bill of goods.'

The cost of the war will bankrupt

Civilian sacrifices will be more than we can bear.

Stalin is getting too strong, and Bolshevism will sweep over Europe.

Our leaders are incompetent, our Government incapable of waging war, Aid to our allies must stop.

Our real peril is the Japanese, and we must join Germany to stamp out

the 'Yellow Peril.'

We must bring all our troops and weapons back to the Unit of St.

we must bring all our troops and weapons back to the United States, and defend only our own shores.

The Chinese and the British will make a separate peace with Japan and Germany.

American democracy will be lost

"To spread these and other lies, Hitler will pull every trick in his black bag. But Americans will not be fooled."

"Divide and Conquer warns, how

That the United States is now beg subjected to a "total barrage of sage." that they were carrying the Nazi mes-

Following the successful pattern used in France, Hitler's agents have been responsible for many rumors in this country, all of them false, concerning imaginary epidemics, bad food and desertions in our Army camps, the pamphlet says. It con-"Since the war began, German short waves have shouted of barricades in the streets of Washington, of panic on the stock market. of exaggerated losses at Pearl Harbor and throughout the Pacific. German short wave stories of losses at Pearl Harbor, for example, gave the signal for Hitler agents to spread rumors that we had lost our fleet. and that our naval officials were traitors." All false of course.

The pamphlet concludes: "We know that Hitler, who acts like a terror, is really the most frightened man on earth. The upraised arm, the shouting voice, the mighty bluster, all mask a mortal dread of the weapon that makes men free: the truth. We are armed with the truth, and we will crush the tyrant."

Note: Every reader should write immediately to the Office of Facts and Figures, Washington, D. C., to obtain a copy of "Divide and Conquer," which describes in graphic detail the workings of the Hitler system which has here been only briefly sketched, and which tells of some of the things which have happened to people who have been divided and conquered.

Stalin is getting too strong, and Bolshevism will sweep over Europe. Our leaders are incompetent, our Government incapable of waging war,

Aid to our allies must stop. Our real peril is the Japanese, and

we must join Germany to stamp out the 'Yellow Peril.'

We must bring all our troops and weapons back to the United States, and defend only our own shores.

The Chinese and the British will make a separate peace with Japan and Germany.

American democracy will be lost

during the war.

"To spread these and other lies, Hitler will pull every trick in his black bag. But Americans will not be fooled."

"Divide and Conquer warns, however, that Hitler's strategy "will follow no set pattern. One line will be pursued today, another tomorrow. But always his broad aims will be the same: to separate us from our allies by arousing distrust of them; to create friction within the United States in order to divert us from our true enemy - the Axis; to paralyze our will to fight."

The O. F. F. pamphlet is completely documented, listing its source for each statement of fact. The pamphlet is illustrated by D. R. Fitzpatrick of the St. Louis Post-Dispatch as a contribution to the war effort.

"Divide and Conquer" explains that the Nazi propaganda techniques directed against the United States are comparable with those used by Hitler against the European nations that he has conquered. The pamphlet recalls Hitler's attempts to separate the French and the British in the first year of the war; his systematic wooing of Balkan business men; his creation of internal disorders in Belgium before invasion and other historical details of the Nazi "strategy terror."

Short wave broadcasts from enemy and controlled countries; rumors; enemy agents and innocent dupes are used by the Nazis, according to the pamphlet. "Hitler is trying to set capital against labor, white against Negro, Catholic against Protestant, Christian against Jew," the booklet warns. "He knows t

man carry until Desus comes and be transformed without dying, or whether we shall await His coming for a time among those who sleep, there will come that trumpet sound, and in the twinkling of an eye we shall be clothed upon with incorruptible bodies like unto His glorious resurrection body (Phil 3:21). There we have an assurance of victory already won on our be half, which can and does strengther our souls against the trials and sor rows of life.

III. Victorious, Not Defeated Cor. 15:55-58).

When Satan after a long strugg finally had Christ's body laid awa in the tomb, he thought he had the victory, but just then came his gre hour of defeat.

"Up from the grave He arose, With a mighty triumph o'er H foes."

"Death could not hold its prey for it sought to hold one strong than itself-the Lord of Life Hi self. He had broken the bonds sin by His sacrifice on Calvan and since it was sin (the violat of the law) which brought death the first place (Gen. 2:17; 3:17-1 there was now a complete victo over both sin and death.

The one who knows Christ ne no longer fear death. For him is not a leap into the dark, or ing as a trembling wayfarer i an unknown land. President Jo Quincy Adams was right when, as and frail, he replied to a quest as to his welfare: "Quite well, the you. The house in which I live tottering and trembling, and I n soon have to move out, but I quite well." He was ready for departure into a better land and better body.

Such a hope has a splendid pra cal application, which Paul stres in verse 58. With victorious ass ance the believer stands steadi and unmovable at the center of l while always abounding in the j and duties which come at its cumference. Like the wheel wh can be useful only as its center established and steady, so man serve the Lord and enjoy a satis

Olita Moore Gay, 40, beloved former teacher and member of one of West Virginia's outstanding pioneer families, died April 2, 1942, followng a long illness. Funeral services ere conducted at the home in Edmy by the Rev. R. H. Skaggs, pastor the Edray Methodist Church, of shich she was a member, assisted by he Rev. Fred Oxendale, pastor of he Marinton Methodist Church. Inment was made in the Moore

Graduating from Edray District ch school with the class of 1922, which she was vice president and Intatorian, Miss Gay became vactor in the graded schools, interrating her teaching duties with wied college and special training Apparently endowed with we than usual natural ability as a war, and possessing many lovde therecteristics and desirable pertraits, she won her way into bearts of pupils and patrons alike. at the time of her resignation a ar ago from her position at Mar-Graded school, she had estaba record for having served the on longer than any other teacher. with a sensitive spiritual ar, Olita Moore Gay radiated a mainy which embodied beauty

Miss Edmonia Gibson, Fleeta Lang, Miss Polly Gay, Miss Florence Howard, Miss Blanche Patterson, Miss Glenna Cole, Mrs. Sherman Moore, Mrs. George Myles, Mrs. I. N. Graves, Mrs. Clarence Moore, Mrs. Stanley Hayes, Mrs. Allen Sharp and Mrs. Roy Dever.

With a generosity which could not be self-contained, Miss Gay was admired by many for her liberality to those in need, and for her particular concern for all unfortunates.

With unfailing trust and with the calm assurance of one who has heard a Voice saying "It is I, be not afraid," Olita Moore Gay embraced the experience of death as a means of release "To fairer worlds on high."

"Not by lamentations and mournful chants," declares Plutarch, "ought we to celebrate the funeral of a good person, but by hymns; for in ceasing to be numbered with mortals, that one enters upon the heritage of a diviner life."

Near a shady wall a rose once grew, Budded and blossomed in God's free light.

Watered and fed by morning dew, Shedding its sweetness day and night.

As it grew and blossomed fair and tall,

Slowly rising to loftier height, It came to a crevice in the wall Through which there shone a beam GIRL

"Not by lamentations and mournful chants," declares Plutarch, "ought we to celebrate the funeral of a good person, but by hymns; for in ceasing to be numbered with mortals, that one enters upon the heritage of a diviner life."

Near a shady wall a rose once grew, Budded and blossomed in God's free light,

Watered and fed by morning dew, Shedding its sweetness day and night.

As it grew and blossomed fair and tall,

Slowly rising to loftier height, It came to a crevice in the wall Through which there shone a beam of light.

Onward it crept with added strength, With never a thought of fear or pride;

followed the light through the crevice's length

And unfolded itself on the other side.

The light, the dew, the broadening view

Were found the same as they were before;

And it lost itself in beauties new, Breathing its fragrance more and more.

Shall claim of death cause us to grieve

And make our courage faint and fall? Nay! let us faith and hope receive; The rose still grows beyond the

Scattering fragrance far and wide, Just as it did in days of yore, Just as it did on the other side, Just as it will forever more.

#### W. BEARD ON FREE TOUR

Beard of Hillsboro, left an extended tour as a of the West Virginia sociation known as the

boys. In Atlantic City, New Jersey, one of the telegraph companies hired the first of a group of girl messengers. Pretty Jane Stiltz, 19, a native Atlantic City girl, says she likes the outdoor work much better than her previous indoor job. What's more, she says she has taken off an excess ten pounds. Because of her efficiency, she has been given the Beardwall, scaling and many an Atlantic City hotel proprietor. the Boardwalk section and many an Atlantic City hotel proprietor is now doubly happy to receive a telegram for reservations,

#### 333 LESS TEACHERS FOR SCHOOLS OF STATE NEXT YEAR

Urging that the "very best obtainable" teachers be employed for West Virginia's 500,000 school boys and girls, Dr. W. W. Trent, state superintendent of schools, today an-nounced the allotment of teachers for the 1942-43 school year, as approved by the State Board of School Finance.

There will be a slight reduction in the number of teachers to be required, Dr. Trent stated, on estimates based upon enrollment trends.

In the elementary schools, it is estimated that 10,593 teachers will be needed in the next school year, as compared to 10,756 this year. high schools, next year's total estimate is 5,262, as compared to 5,422. All teachers employed this year totaled 16,188, as compared to an estimated requirement of 15,855 for next year.

In a letter to county superintendents of schools, Dr. Trent pointed "Should you be compelled to reduce the number of teachers now employed, you will serve the schools well by cancelling contracts of the teachers ranking lowest in the system. I advise such action without regard to professional or academic ning Company at Durbin were preparation and without political, social or personal relationships. us have the very best obtainable for our boys and girls . . . Should the number of teachers alloted be increased, additional teachers may be employed with less friction than by reducing the number after employment."

The list of allocations, based on average daily attendance for five months of 1941-42, allots Pocahontas county 106 elementary teachers, 26 high school teachers, a total of 132.

Condensed from April Cosmopolitan

SECOND LIEUTENANT GEORGE S. WELCH U. S. Army (Air Corps)

Even before that fateful December seventh, Lieutenant George Welch liked guns. He was practising ground gunnery early that morning. When the first Jap bomb blasted Wheeler Field. It was ten miles to Haleiwa, where his own squadron was stationed. With Ken Taylor, another Army pilot, he drove it in six minutes, with Jap planes strafing their ear.

At Haleiwa, he took off with; Taylor zooming behind him. Twelve enemy dive-bombers swept in over Oahu, a thousand feet below Welch and his comrade. Welch dived, Jap tracers all but boxing him in. His heavier guns were dead, but he cut in the 30 calibers, swung onto the nearest dive-bomber. In a single burst, he killed the gunner, dropped the plane out of control.

Wath one gun jammed, he pulled into the clouds. Reversing his course, he dived back, shot a fleeing Jap more Jap planes went down. plane down into the sea. By now his gun belt was empty and he raced

As he took off again, fifteen Jap planes came after them. Seeing Taylor trapped, Welch charged into the Jap formation. Taylor's attacker went down in flames, Another diveweigh caught it with the fast of his

MAJOR EMMETT O'DONNELL, JR. U. S. Army (Air Corps)

There were fourteen Japs above Legaspi in the Philippines-until they met "Rosie" O'Donnell. When the big Air Corps bomber came out of the clouds, O'Donnell was at the controls. Twelve miles ahead, offshore, lay the target - four Jap transports. Twelve miles-and fight. ers swarming in, guns blazing.

With pursuit-pilot skill, he banked the big ship, splitting the nearest Jap flight. Two of his gunners converged their fire, and a fighter spun down in flames. Five more fighters cut in, and bullets tore through sides of the bomber. Again O'Donnell reversed his turn, barely avoiding collision. His wounded gunners clung to their weapons-and two

The remaining Japs sheered off. O'Donnell awang back to his target through a storm of antiaircraft fire. The bombs flashed down. Two direct. hits on crowded transports, then back through another attack. A fourth fighter fell to pilot-erew teamwork, before a perilous landling on bullet-gashed tires.

# BLACKOUT PREPARATIONS MAY BE INGENIOUS

ine question of whether to prepare to blackout our homes or not has already been decided for us-by our enemies, our geographical location, by the importance of our war industries and by the army. How to prepare our homes for blackout is up to us-individually.

Blackout isn't something to be afraid of. Neither is it something to be taken lightly. Over ninety per cent of all people are depressed when ent in the life in the dark. Most people, particularly children, are afraid, uncertain and confused in the dark.

Improperly prepared blackout Jerusalem, methods can create a greatl increasthe midst ed accident rate. Homes are already the scene of an extremely high percentage of all accidents, so it is quite proper to emphasize the "safety" factor in methods of blackout as well as the necessity of blackout from the standpoint of general safety. this much is certain, everyone ought priests. And to begin now to make arrangements they went, to effectively blackout their homes in d ONE of an instant when an alarm is given.

WHAT SHOULD WE DO NOW?

Insofar as we are able to learn the Il down on authorities are not urging the immeiving Him diate preparation of a "refuge room" to include full protection against but bomb ravages and gas attack. What we are being asked to do is to prepare now to be able to "blackout" this area completely and quickly so that it is no longer a land mark or an aid to the enemy in locating our vital industries; prepare all of us to become accustomed to the effects of idarkout and to provide opportunity for perfecting the technique of our ired Jesus defense organization, including Air Wardens, Auxiliary ate in be- Auxiliary Piremen, Firewatchers, Repair Crews and others. To become he world able to do this without hysteria, panic m? What and disruption of production and tag forta minimum of dislocation of normal tion like living requires the complete coopera-

#### FIRE VIOLATORS FINED

Two men pleaded guilty to violat ing the state forest laws before Justice T. S. McNeel on April 8.

Ralph Lane was fined \$20 and costs for burning brush in Possum Hollow without a permit on April 6. On this date a 35-acre forest fire occurred in Possum Hollow, which was suppressed by a WPA crew from Marlinton under the supervision of the U.S. Forest Service.

On the same date a fire was suppressed in Virginia east of Rimel by a crew of men working under Wardens Ralph Moore and Hal Moore, This fire burned about 15 acres of land belonging to the George Washington National Forest. The crew succeeded in stopping the fire before 8:30 a. it reached the Monongahela National Forest.

On April 7, a fire resulted from the escape of a brush fire north of Frost on land owned by Charles Miller. Miller pleaded guilty to the charge of permitting the fire to escape and burning on the property of another. He was fined \$20.00 and costs in the court of Justice McNeel.

#### S. J. Rexrode Made District Associate Leader

S. J. Rexrode of Marlinton was elected District associate leader at the District Conference of the Methodist church held recently at Lewis-Attending from here were Mr. and Mrs. Guy Faulknier, E. B. PREPARE ONE ROOM

Select one room centrally located hich can in your home. It should be large on the enough to accommodate the entire been re- family, comfortably. Keep your raions of dio turned on to local stations for sophers announcements and instructions. The neditate room should be as near toilet faciliom they ties as possible. It should have more visdom: than one exit. These exits should be because | blacked out, too, so that one can enfeet to ter or leave the room without lights ers be- showing to the outside.

because USE MATERIALS YOU NOW HAVE

It is not necessary to go to any ve con- expense. Don't plan expensive installations which would use up valuable materials which can be used for other war purposes. The purchase of new plywood, beaver board, heavy canvas and heavy black cloth means extra demand for these products when they are already needed for other essential uses, or are under production limitation in order to produce other similar materials.

> Use what you have-old awning material painted, old window blinds repainted, wool or cotton blankets, old carpet or rugs, heavy drapes, old oilcloth repainted, heavy brown paper, corrugated cardboard. Look in your attic, your garage, your basement. Use your ingenuity.

SIMPLE SUGGESTIONS

Don't rush out and buy new materials for blackout curtains. A simple way to blackout a window or a door is to hang a heavy woolen or cotton blanket over it. (Any material is acceptable if heavy enough so

#### District Associate Leader

annou S. J. Rexrode of Marlinton was elected District associate leader at the District Conference of the Methodist church held recently at Lewisburg. Attending from here were Mr. and Mrs. Guy Faulknier, E. B. Callison, Mr. Rexrode and Rev. Fred Oxendale. A feature of the conference was the licensing of the second son of Rev. C. W. Fink. This is the second son of Rev. Fink to become a minister.

Three delegates and the District Superintendent will represent the District April 15 and 16 at a twoday session of the Board of Missions and Church Extension at Pittsburgh. They are Supt. Fink, Rev. Nat G. Barnhart of Alderson, Rev. C. W. Collins of Frankfort, and Rev. Fred Oxendale of Marlinton. Three annual conferences will be represented at the meeting.

## Alfred McElwee Honored

Cadet Alfred F. McElwee of Marlinton has been honored at Virginia Polytechnic Institute by election to the presidency of the V. P. I. chapter of the American Society of Civil Engineers.

A corporal in Company G, Cadet McElwee has been treasurer of the A. S. C. E. chapter for the past year, and acted as assistant instructor in the Civil Engineering Department last summer. His new position comes as a further distinguished honor.

## COUNTY 4-H FIELD DAY AT GREENBANK MAY 9

This week is county Four-H Week. It started Sunday with all the 4-H Clubs in the county attending church in groups, where they heard special sermons by the local ministers.

All 4-H clubs of the county are having special meetings this week, at which time they are being visited by county and state club workers.

"How the 4-H Club Members Can Contribute to the War Effort" is the topic being discussed by the state club workers. Helping with the club work this week are "Tubby" Boggs, State Boys' Club Leader, C. P. Dorsey, assistant State Club Leader and H. M. Bowers, District Agent.

County 4-H Week will terminate Saturday, May 9, with the annual Field Day. Field Day is to be held at the Greenbank high school this year instead of Marlinton.

A very interesting Field Day program has been worked out. It will include a club parade, patriotic program, track meet, picnic lunch and special features. The highest soring club will be presented with a plaque with its name engraved on it. Dunmore Mountaineer Club won the plaque last wear. When the plaque is won three years by any one club t then becomes the permanent propriv of that club. The clubs winning second and third places will be presented with an appropriate award, it is announced by Walter E. Jett, Pocahontas county agent.

# Air Warden's School

the Pocahontas County Civilian Defense Council at the air warden's school held recently at Jackson's week of

W. Va.'s Inclusion in List. H. Sharp, P. Callison, G.

Reports over the week-end from Senator Harley Kilgore were to the effect that officials of the Office of Petroleum Coordinator had told him they would recommend that there be no gasoline ration card system put into effect in West Virginia west of the high line of the Allegheny mountains. The information, said the senator, was in answer to a report which had been circulated that a gasoline ration card would become necessary for motorists in petroleum-producing West Virginia.

Leading the fight amainst inclusion of the state in the ration group has been Carl G. Bachmann, state rationing administrator.

In a speech delivered last Satur-day night to a vast radio audience in Wheeling district, Bachmann declared "I think I am right when I say that we would even go further in West Virginia-we would cheerfully assume the burden, no matter what the result, if someone in Washington will say that it is necessary to ration gasoline in West Virginia in order to win the war. On the other hand we are not going along with any movement which we know, or reasonably believe to be, unnecessary and unwarranted."

Bachmann asked all motorists and gasoline dealers to write or wire U. S. Senators Harley M. Kilgore and Joseph Rosier and the six members of Congress, to force a show-down on why West Virginia, which produces as much as it uses, should be included in the list of 17 states and the District of Columbia, most of which produce neither gasoline or oil.

Bachmann called the attention of the people to the fact that four weeks ago he had declared that rationing in West Virginia was not and justified. He said that he understood that there was no shortage of gasoline but rather a shortage of transportation and added "we have no transportation problem in West Virginia." He cited the fact that while it has been proposed to ration gasoline in West Virginia, while Ohio and Kentucky, which also produces oil and gas will not be rationed.

The rationing administrator explained that it is beyond his comprehension why West Virginia should be forced to limit its use of gas and oil when such limitations are not placed upon other gasoline producing states such as Oklahoma, Texas, Kansas, California, Louisiana, Ohio and Kentucky. Bachmann declared that ra tioning gasoline in West Virginia will be an imposition upon refineries who will not be able to find storage space for all the gasoline they produce if they are not going to be able to supply the State's needs. Bachmann declared he had no authority to avert the rationing of gasoline in West Virginia and said "I wish I did have the power to correct it."

"There is someone in Washington, the administrator charged, "either in Mr. Ickes' office or in the Office

#### M. H. S. To Have Printed School Annual

The 1942 edition of The Marliatonian, school annual of the Marliaton high school, is now being printed in the Journal office. The book will contain approximately fifty-five pages and will be encased in a black brief cover imprinted in orange, combining the school colors of orange and black. Sections of the book also will be divided by means of an orange page printed in black.

The theme of the book this year is centered about the thought of "Time," and the staff responsible for preparation of materials is composed of the following:

Rachel Curry, editor - in - chief; Madge Shiffler, news editor; Marvin Anderson and Taylor Townsend, art editors; Jane Moore, literary editor; Mable Clouser, feature editor; Dotty Lou McLaughlin, humor editor; Fred Cloonan and Patty Stemple, sports editors, and Junior Anderson, typist.

The book is dedicated to the principal, H. Arnout Yeager, and will contain a number of group photos.

It will be the first book which the senior class has had printed in some time, the last few years having seen the issuance of mimeographed memory books.

Margaret McNeel Edgar Charles Arthur Kramer Charles Wesley Long Charles Hughes Mitchell

We're giving the Axis a bitter taste of what's to come.

We're fighting the inflationary 6th column that blows prices sky high here at home, too.

And every one of us who saves at least 10% of his pay in War Bonds is an important soldier in the attack!

Join the attack yourself!

COLORED FOLK ORGANIZE FOR DEFENSE TASKS

The work of Civilian Defense among the colored people of Pocahontas County is making progress under the direction of Edna C. Knapper, assistant chairman. Organizations have already been established at Marlinton and Brownsburg with the following committees:

Education-Faye Dunlap, Luther Robinson, Margaret Lacy, Smith. Agriculture - Rice Graves, Walter Tibbs. Women-Helen Jones, Willa Ann Boggs, Margaret Lacy. Protection and Utilities-John Gilmore, Howard Walker, Boyd Daugh-Health and Welfare-Evia erty. Smith, Faye Dunlap, Rosa Jones, Sarah Loving, Lucille Smith.

A class in home nursing is well under way among the women of Marlinton with Mrs. L. L. Scales, superintendent of nurses at Denmar Sanitarium in charge, and a class in nutrition is being conducted by Mrs. Barbara Bragg, home demonstration agent, at Brownsburg. Classes in first aid will be organized in the near future. The group is also giving full support to the victory garden project which is being carried out under the direction of the extension division in charge of J. E. Banks.

Notes of Colored People

# Calvin W. Price Gets LL.D. Degree

A modern departure from the old belief that "a prophet is not without honor save in his own country" is the eminent Calvin W. ("Doctor" to you) Price, famed editor of The Pocahontas Times, of Marlinton. Mr. Price this week was honored by the university of his native state with a degree of Doctor of Laws.

The honor places the editor, who already has been designated as "the typical country editor," and who has gained a national reputation by his appearance on the radio progam of "We the People," in the same category with other distinguished citizens of the county, who have also been signally honored by colleges and universities. The only one, however, to receive an honorary degree from the West Virginia University, in addition to Mr. Price was the internationally famous author, Pearl Buck, who was born in Pocahontas county.

Editor's Note: It probably will not make the honor any more appreciated for us to make any observations concerning it, but it will not hurt, at least, for us to say for ourselves and for all the other citizens of the county that we rejoice when the virtues of a good man are rewarded by distinctive citation.

It has been our privilege to learn in the last ten months that Calvin W. Price, basically and fundamentally, is a good man. Other than this it is not necessary for one to have any particularly distinguishing features, for basic goodness is probably life's crowning virtue. But none of us will deny that it is heartening to be the recipient of an unsought and unexpected honor.

So we earnestly add our word of congratulation to Calvin W. Price, LI. D., and feel that he has gained an honor which is well deserved.

# Impresses

THAT there is no need to continue feeling sorry for boys called into the service if they are going to be given sweaters like those being turned in to Production Chairman Mary Y. Kincaid from Mrs. J. M. Ashcroft's knit-ting class and others over the county ... I'll go myself if they'll give me the snazzy coat sweater which Expert Ashcroft herself knitted . . .

THAT I probably should tell you that man in overalls working in that gar den at the upper end of Main stree is a very attractive lady known a Pearl Carter when she's in a different garb . . . Incidentally most of thi school ma'am's former pupils hav adopted a parody of the patriot motto: "Remember Pearl Carter" . .

THAT if I were a shiek I would giv orders for someone to add the fo lowing to the list of girls I'm craz about: Carolyn Lang Thomas, Bar bara Gainer of Bartow, Martha an Rachel McCutcheon of Greenban tiny Jacqueline Richardson, quie Ann Clay Allen and Martha Had dock . . .

THAT Ann Yeager is now fully a sured, for when she was worrying th other day about the possibility her father, Principal Arnout Yeage being called to war service, she was consoled by Thelma Jo Gum, who sa "It is not likely your father will have to go, because he has several 'ind pendents."

THAT life is just one quandary after another: Last Sunday at the R. Lutter Shrader's up Brown's Creek wa I was fully persuaded that I had I nally been fed the best meal of m ife (I've felt that way every place I've eaten in this county), and the Fuesday I was out to dinner in the Greenbank community - and now don't know, I don't know! . . . Inc dentally, the food isn't the only thir that's good at the Luster Shrad

r raid ice, was killed; and Fireman G. H. Smith of Hinton, was burned, and Conductor R. S. Kincaid of Coving-ton, Va., Brakeman B. P. Cales of Hinton and Tom Murphy of Ronceverte suffered cuts and bruises, las portant Friday when a Chesapeake and Ohio engine and caboose struck a landood of slide and was derailed near Beard. #### of Mrs. Cordie Beard Dies At Home Near Arbovale

Mrs. I. R. (Cordie) Beard died at her home near Arbovale Sunday, May 31, after an illness of several months.

Mrs. Beard, the former Cordie Wooddell, is survived by a daughter, Mrs. Hunter (Helen) Arhogast of Neola, W. Va.; two sons, Moro of Beckley and Merle of Arbovale; her father, Pierce Wooddell, who will be 90 years old upon his next birthday; a sister, Mrs. Eva Wooddell McCoy, of Elizabeth; two brothers, William and Joseph, of Cass, and three grandchildren. She had kept house for Joseph Wooddell part of the time since the death of her husband.

The deceased woman was a member of the Methodist Church at Green Bank, and had many friends at Cass, Green Bank and Arbovale. Funeral services were held at her home June 2 at 11 a. m. A large number of her friends and relatives attended and here were many floral pieces.

Mrs. Woodyard's Sister Dies

Word has been received here of the death of Mrs. Workman, sister Mrs. Nettie Woodyard at Barcoursville, where Mrs. Woodyard has peen making her home since leaving

croft, Mrs. H. S. Ardell, Mrs. Fred McLaughlin, Miss Anna King, Mrs. Aubrey Ferguson, Miss Carolyn Olsen, Mrs. Frank King and grandson there will be 100 more some time this week, according to the librarian.

Miss Harry Wooddell of Charleston spent the week-end with her mother and family in Green Bank.

Miss Anna Mae Friel is now home

and Elkins College.

Mr. and Mrs. Clark McCutcheon accompanied by Dr. L. C. McCutcheon went to Akron, O., last Friday. They expect to return about the mid. dle of this week, bringing with them Mrs. L. C. McCutcheon and daughters, Martha and Rachel, who have been visiting Mrs. McCtucheon's mother, Mrs. Hargett, who is ill in the hospital.

D. E. Smith, Miss Harry Woddell. Miss Annie Sarah Hannah and Sam Hannah went to Charleston Monday morning. The latter was to report there for service in the Army Air

SEABOARD IRON AND ORE COMPANY BEGINS OPERATIONS HERE

Interest in Pocahontas county as a source of supply for needed war material has revived with the announcement that Barrett Andrews and R. Evans Tucker of New York City have purchased the pile of ore near the Chesapeake and Ohio railroad tracks in Marlinton by payment of \$7,500 on the purchase price of the pile of ore, and the deposit with the court of \$5,500 additional to cover rental of equipment and additional purchase money, in event the quantity is worth more than \$7,500.

Those traveling to Charleston for the proceedings were Mrs. Anna Price Hunter, Adolph Cooper and Richard Currence.

According to Mr. Andrews the first shipment of the ore has been purchased by the American Rolling Mills Company and in about a week the shipments will get under way to Ashland, Ky.

The cooperation of former workmen of the ore industry here is hearting, the ore officials said. Many of the men have returned to work. Mr. Andrews emphasized that no stock is to be sold in the new concern, known as the Seaboard Iron and Ore Company, and that all present operations are being carried out under court order.

# Pocahontas Men Join Navy at Elkins In Colorful Manner

Fourteen young men from the Elkins Navy Recruiting District were among more than 200 West Virginians Sunday afternoon who took the Navy oath six months to the minute after the Japanese "sneak" attack on Pearl Harbor. Two of the fourteen were Pocahontas county men, Carl Hinkle, husband of Flora C. Hinkle, and Allen Dinkle Stewart, son of Lola Brown Stewart, both of Frank.

The Elkins program was held simultaneously with similar exercises throughout the nation, and in eight West Virginia cities where the Navy maintains recruiting stations. The nation's sea forces are stronger today by 12,326 young Americans bent on avenging Pearl Harbor. In mass enlistments from coast to coast they were sworn in at exactly 2:25, Eastern War Time.

The impressive patriotic ceremony at Elkins was opened with the advancement of the colors by H. W. Daniels Post No. 29, American Legion, following a concert by the Elkins City Band. The invocation was delivered by the Rev. Franklin H. Bennett, and Howard H. Kiem, who presided, first introduced Mayor Clay B. Whetsell who briefly expressed the appreciation of the community for the patriotic spirit of the men who had volunteered for service with

### COMMANDO! GERMANY'S NEW TERROR. HOW THEY GET THAT WAY!

EVERYONE who reads the newspapers knows who the Commandos are and what they are doing. How they sneak in from the sea or drop from the sky, to destroy radio stations, ammunition dumps, Nazi warehouses. And in spite of the Gestapo, the people of occupied Europe are learning about them, too. The shadow of the Commando and the terror of him walk with every Nazi and Quisling in Western Europe.

Sir James Grigg, British Minister of War

That is what those men are doing all along the occupied coast of Europe. But they are doing another job, too, in England.

Robert St. John, the famous war correspondent, writes in the June Cosmopolitan of how hard-bitten Sir James Grigg, who recently became Minister of War, has tossed the conventional British drill-b-ok into the discard and started expanding the Commando type of training. Every man must be a Commando. And in this situation every Commando who has been over to the continent is worth his weight in platinum. He becomes an instructor for the troops back in England. He is teaching them how to crashland. How to make a stealthy approach from the sea. How to drop into enemy territory from a transport plane. How to catch Nazis off their guard. How to lay down a smoke screen to cover their own advance and how to move through a fog like prowling wildcats. He is the teacher in England's new "Battle Drill"—and every British soldier in his pupil

is his pupil.

Instead of six months to a year of "squads right" and "shoulder arms", St. John reports, six weeks of the old conventional drill and then ten weeks of the new Battle Drill will make any physically fit youth into a good match for the taughest fighter the Nazis and Japs was turn out.

And then Mr. St. John takes you to one of these Battle Drill schools and shows you how it works, It's a two-mile strip of peaceful English countryside, until the Commando instructors arrive. Then they turn it into a modern hell. Hemmed in by barbed wire so they can only go forward, the men swim a river with rifle and full pack; battle through a twisted mass of barbed wire; then up a tree across a stream, leaping from branch to branch like monkeys; down into and up out of a fifteen-foot pit. While they struggle and scramble out on the other side, instructors throw smoke bombs, thunder flashes and hand-grenades in on them-hand-grenades full of powder, but with soft plastic covers that don't kill, but when a soldier gets hit with one of them, he knows what war is like! Then on through forty feet of oozy black mire, waist deep; through a dark, clammy culvert, with water up to their chins, hardly enough air to breathe; on through a wood, where instructors in trees drop sandbags on their heads or trip them with hidden strands of wire; falling into camouflaged pits. Finally, the exhausted candidates are faced with a fifteenfoot wall to scale, only to find at the top no choice except to leap into a deep pit full of water and

From beginning to end loudspeakers along the course blare out
all the raucous noises of battle. The
roar of planes. The scream of divebombers roaring down at you; the
shrieks of wounded—the moans of
the dying. Goaded on every foot of
the way by loud-speakers shouting
insults and recrimination; goading
into these men a mad frenzy—a
maniacal blood-lust and killing instinct that has forced the taking
away of the bayonets they once
carried. Students got too realistic—
and charged each other. And that's
just what the instructors wanted.
It proved that they were succeeding
in creating the type of fighting man
they wanted.

Battle Drill is a far cry from the mimic war of the past. St. John's article tells you how, during the winter and spring, it has been preparing a great modern army for a great fight—a fight that will rescue Europe from that man in Berlin who still dreams of dominating the world.

# Survey Shows Tires ing Won't Last Long

Forty per cent of the tires now being used to carry industrial workers in West Virginia to and from work will be worn out within the next three months at the present rate of usage, according to the results of a detailed survey conducted by the War Transport Division of the State Road Commission.

The survey was made at the request of the Public Roads Administration, to supply a basis for estimates of the civilian transportation situation for the War Department and the Office of Price Administration. The results obtained will be used to direct the statewide "sharethe-ride" and civilian transportation conservation programs of the Highway Traffic Advisory Committee to the War Department.

The survey was conducted to ascertain where industrial employees live in relation to their work, what mass transportation is available to them, the number of vehicles owned by such workers, the number used to get to work, the general condition of such vehicles, and of the tires on them, what vehicles not now being used are available for industrial worker transportation, and wnat conservation can be effected by sharing

rides.

Certain typical industrial plants in all sections of the State were selected, and their employees polled with a detailed questionnaire, and the results obtained are believed typical of the industrial worker transportation problem throughout the State, according to State Road officials.

While some information obtained is considered confidential, certain results were released to emphasize the seriousness of the transportation problem. The survey disclosed that 7 out of every 10 industrial employees go to and from work in cars, two public transport facilities, and one walks.

Two-thirds of those riding cars own their own automobiles, and while they are sharing rides to a certain extent with non-owners, less than two out of every ten car owners alternate the use of their cars with other owners.

Fifty per cent of all workers live too far from their work to walk, and about one out of five must drive a round trip distance of more than 20 miles a day.

Public transportation is not at present available for four out of every ten employees, and the schedules now maintained by street cars and buses could only get half of the industrial workers of the state to and from their jobs.

Passenger cars owned by industrial workers are in fair condition, about sixty per cent having been driven less than 50,000 miles. However, the owners themselves estimate that forty per cent of their tires will be worn out within the next 3,000 miles of use, and that only one out of every five tires now in use will still be usable a year from now.

Now School ty per cent of their tires will be worn out within the next 3,000 miles of use, and that only one out of every five tires now in use will still be usable a year from now.

The survey further discovered that the average industrial worker drove 35 miles per day in 1941, but is driving only 27 miles per day in 1942, and 18 miles of this is necessary to get to and from work.

The survey's results are in line with estimates by the Office of Defense Transportation, stating that the tires on the nation's 28,000,000 passenger automobiles are wearing out at the rate of 31/2 per cent per month, and that motor transportation would entirely disappear by the fall of 1944 if the present rate of car usage is maintained. Three out of every four war workers, according to ODT, use automobiles to go to work, and therefore readjustments must be made in civilian transportation, otherwise the war program might be crippled through lack of skilled workers on the job.

Data obtained in the survey will be used to encourage the conservation of civilian transportation in the State by the Traffic Advisory Committee, appointed recently by Governor Neely. The committee is composed of State Road Commissioner Ernest L. Bailey, chairman, Superintendent H. Clare Hess, of the Department of Public Safety, Sabe G. Corey, resistrar of motor vehicles, and W. R. Dunman, of the road commission's war transport division, executive sec-

# Durbin Sailor is Now Attending Radio School

U. S. Naval Training Station, Newport, R. I.—Frederick A. Simmons, 23 year old son of Mr. and Mrs. Charles E. Simmons, of Durbin, West Virginia, has made a good start toward fulfilling his ambition of becoming a Naval Radioman, and is now attending a large eastern Radio school which is conducted by the Navy for the development of skilled personnel.

States, who left school at the 10th grade to go to work, was employed at the United States Veteran Hospital when he enlisted in the Natte Axis nations.

Being sworn in at Baltimore, Md., simmons was sent to this Station for requit training. Like all enlisted applicated here, he was given an high marks won him the privilege of tade achools.

Simmons is receiving a brief but dio repair man or operator when he re chosen field. As a Radio- life.

crippled through lack ers on the job.

Data obtained in the used to encourage to of civilian transportate by the Traffic Advis appointed recently Neely. The committe State Road Commiss Bailey, chairman, State Hess, of the Public Safety, Sabe trar of motor vehic Dunman, of the rewar transport division retary.

Imagine reading at a u

-Drawing Edmund Duffy, Balto. Sun

Imagine reading the following government announcement your Marlinton Journal:

All men of Durbin have been the women have been deported pa concentration camp and the chilgen sent to appropriate centers of education. All buildings of the villwere leveled to the ground and the name of the village was immedately abolished."

Those are the words of an official vai statement issued a few days ago and at the town was named Lia quiet little community of

Czecho-Slavakia near Prague.

In Lidice (pronounced Leed-eetmen and women lived where eir ancestors had lived for more han 600 years. A Lidice son brought is bride to his parents' home; his Hidren were born in the same room there his grandfather first saw git. Above the roofs of the town me the spire of St. Margaret's Church, a symbol of community since the church's building in

In Lidice, a farmer with earth king to his boots greeted the coaland miner who as a boy sat beside in school. On a warm day the soing of the shoe repairman soundthrough an open door like a faint to of the blacksmith's hammer. A pateeper going to the tailor shop on Wilson Street-named for American president—to gossip man carving wood before his children laughed and and or were drawn to kitchens by exect scents of the cakes their on baked

man conquerors came. The men had to do what the rulers ordered. Limits were set on worship in the church and on schooling for the children. The women didn't have such good things or so much to fix for meals. But the people lived on, they worked, they loved, they dreamed-oppression had been upon them in the past but "Wilson" Street seemed a reminder that to a people of unconquered spirit, freedom at last returns.

Then two men fatally wounded Reinhard Heydrich who, as Nazi "protector" of Czecho-Slovakia, earn ed the title of "Hangman". That happened on a highway which doesn't even go through Lidice. The Lidice people told the Nazi secret police that they didn't know anything about the two men.

But the Gestapo agents learned that Lidice folk still dreamed of freedom. They claimed they found a radio, forbidden by German conquerors, arms and munitions. Several of the Lidice young men had escaped to join United Nations forces fighting the Germans. And the Nazis follow their policy of bloody vengeance—a policy which has meant the murder, in retaliation for the death of Heydrich, of more than 700 innocent men and women.

So when you read or hear the name of Lidice imagine what it would mean if Durbin were crushed to the earth, its name scratched from all records, the bodies of all its men dumped into a common grave, their widows imprisoned, and the doublyorphaned children in the hands of was not so easy after the Ger- vengeful and merciless foreigners.

Recruiter Will Be at Durbin To Examine or Give Information on July 10.

The week of June 28 has been designated as "Join the Navy Week" throughout the country and will culminate July 4 when mass enlistments will take place at all Navy recruiting stations. All men accepted for enlistment during the week of June 28 in the Elkins district will be held over for that day. Men will be given their final examinations in Elkins by a Navy doctor who will also swear them into the Navy as part of Elkins' Independence Day celebration.

Chief Signalman P. P. Lee, of the Elkins Navy Recruiting Station announces that the following men were accepted for enlistment in the Naval service and will shortly be sent to Charleston for final examination: James Enoch Taylor, Jr., son of Mr. and Mrs. James E. Tavlor of Bartow, John Paul Simmons, husband of Mrs. Marion Simmons of Durbin, Delbert Martin Griffin, son of Mr. and Mrs. Dennis L. Griffin of Clover Lick, Fay Andrew Moyers, son of Mr. and

Clayton Wesley Coffman, son of Mr. and Mrs. Floyd D. Coffman of Millpoint, passed his preliminary examination at Marlinton and will shortly be sent to Charleston for final tests prior to enlistment in the Naval Reserve.

A Navy recruiting officer will be in Durbin all day Friday, July 10, for the purpose of examining applicants for enlistment in the Navy or the Naval Reserve. Any men interested in a voluntary enlistment in the Naval Service, or any information concerning same, are urged to see the Navy recruiter at the post office at Durbin that day.

Men may be accepted for enlistment in the Navy up to the time a man actually appears before the Army induction board for final examination. Men may be enlisted for sea duty or for duty at outlying Naval bases with the Naval Construction Battalion.

A Navy recruiter is in Marlinton on the second and fourth Friday each month for the purpose of accepting applications for enlistment.

# ALPINE GROUP TO OPEN RECREATION CENTER AT FAIR GROUNDS

Saturday, July 4th, at noon will mark the opening of the New Fair Ground Park. A contract has been signed between the members of the Fair Association of this county and Charles Anderson of the Alpine Theatre Circuit for use of the park for Saturday and Sunday, July 4 and 5, and for Sundays thereafter during the entire summer season.

Extensive alterations are under way at the Fair Grounds to provide

for varied entertainment.

July 4 there will be fun contests, such as horseshoes, tug o' war, a baseball game in the afternoon between two outstanding teams, and at 6:30 o'clock there will be a stage attraction featuring Ralph Lawson and His Pioneer Sweethearts, with Lottie Buskirk, and also Speedy Crise and the Blue Ribbon Boys. At 9:45 p. m. a motion picture, "Never Give a Sucker an Even Break," starring W. C. Fields, will be shown.

The same program will be given on Sunday, July 5, with the exception of a change in the motion picture. And on other Sunday nights during the summer months a picture will be

shown at 9:45 p. m.

Children under 5 years of age will be admitted free.

Pocahontas County Fair To Go Ahead as Usual

The president of the Pocahontas County Fair Association told the Department of Agriculture yesterday that the exhibition at Marlinton would go ahead as scheduled August 24-29.

The statement by S. B. Wallace was the first reply to a query sent by the department to 13 fair associations as to their intentions in the light of a request by Defense Transportation Director Joseph B. Eastman that fairs be cancelled for the duration.

Wallace told the department that the Pocahontas fair was a strictly local display, carried on in a nondefense area, and could not have any effect on the war effort .- Charles-

ton Gazette.

# Austin Oscar Killed In Leap From Truck

Austin Oscar, 16, son of Frank Oscar, whose home is 3 miles from Mill Point, is dead as the result of injuries sustained when he jumped from a moving truck last Tuesday afternoon.

R. H. Auldridge of Mill Point, driver of the truck, told state police he picked up Oscar and his brother to give them a ride to their home, but that when he was within a few yards of their home and was preparing to stop for them to unload, Austin jumped without waiting for the vehicle to come to a halt.

Auldridge and Oscar's younger brother went immediately to the injured lad, who was lying unconscious in the highway. Stopping a passing motorist they brought the boy to the Marlinton hospital where he died at 3 o'clock Wednesday morning from the effects of a skull fracture.

Charles A. ing from the moving truck, "but he jumped."

# Man Killed On Tracks

George Wilson, 20, of Clover Lick, was instantly killed abought 10:30 o'clock last Thursday night in a tragedy which gives evidence that he may have been sitting or may have fallen asleep on the C. and O. railroad tracks between Mileposts 59 and 60, about three miles from Marlinton.

Wilson's mangled body was found Friday morning following the report of an engineer on the early morning local freight coming to Marlinton from the direction of Durbin that he had seen what appeared to be the body of someone along the tracks at the place indicated. In the fog of early morning the object was not entirely clear, he said. Frank Long, section foreman, Sol Workman, town policeman, and Richard Currence, coroner, investigated and identified the victim from cards in his purse which was found at one place along the tracks.

Bits of bone and flesh and remnants of clothing scattered over the area showed that Wilson had been dragged along the track for a distance of 1500 to 1800 feet before his body fell completely under the train and was severed by the wheels. However, there is no doubt but that death came with the first impact of the engine, according to those who were first on the scene.

Funeral services were held Saturday at Mountain View cemetery.

# GREENBANK

Miss Alice Stuck of Charleston spent a few days visiting the Misses Harry and Janie Wooddell of Greenbank last week. Miss Stuck and Miss Harry Wooddell returned to Charleston Sunday.

Miss Margaret Lightner, Anna Mae Friel, Janie Wooddell, Alice Stuck, Harry Wooddell and Annie Sara Hannah attended the annual Leaders' Camp held at Seneca last week-end.

Miss Mary Margaret Wooddell daughter of Mr. and Mrs. Forrest Woddell was the dinner guest of Mr. and Mrs. W. A. Lightner Sunday.

Al Smith McCutcheon spent Sun-

day with Joel Hannah.

Mrs. Edna Stewart, county health nurse will give the typhoid vaccine on Wednesday at the high school.

Mrs. Vella McMillion, worthy matron of the chapter, is having a reception for all the members of the Huntersville chapter of the Order of Eastern Star on Thursday evening from 7 to 9 p.m. The officers of the chapter will be honor guests.

The Greenbank Merry Wigglers 4-H Club will hold their monthly meeting on Thursday afternoon at 2 o'clock. The main business of the meeting will be a discussion concerning those who wish to attend county camp and state camp for boys.

The monthly meeting of the Greenbank Farm Women's Club was held July 14 at Mrs. Paul Friel's home. Mrs. Delores Wright was leader of the program. Mrs. Talvin Varner of Pine Grove gave a demonstration on "Making Winter Flowers." Mrs. Barbara Bragg was present at the meeting. After the business and program was completed recreation was enjoyed by all. Refreshments were served by the hostess.

Miss Louise Brown, daughter of Mr. and Mrs. Tilden Brown of Arbovale left Sunday to go to Glenville where she will attend summer school.

# Youth Center Assured

At a meeting of representatives of civic groups and churches, held Monday night, plans were completed for the establishment of a recreation center for the youth of Marlinton.

An organization was formed consisting of L. V. Minnick, advisor; Miss Ava Guthrie, secretary-treasurer, and a board of directors composed of Paul R. Overholt, Mrs. Mattie Smith and Rev. J. C. Wool.

Tentative plans call for the remodeling of the dining room at the Alpine Hotel, which will be shut off from the hotel proper by the removal of the connecting doorway, and an outside entrance to the room will be made. A kitchen and toilets will be built in connection with the recreation center. The room which will be used for this purpose is being rented by the business and professional clubs of Marlinton.

To get the youth activities under way immediately, permission has been obtained to use the gymnasium at the high school, while the alterations at the Alpine are being effected.

The recreation center will provide a meeting and amusement place for the town's youth, where they may participate in games and hobbies with

full-time adult supervision.

It is believed by those who have been active in the formation of the new youth center that it will provide a medium for directed youth activities which will tend to increase the social and character building opportunities for the town's young people.

The new six-color poster is one of the most popular of recent times, judging from the number of comments received from civilian and military sources by the Recruiting and Induction Service.

Portraying symbolically the ascendant air power of the United States Army, and carrying the slogan, "Keep 'Em Flying Is Our Battle Cry!" its message, "Do Your Part for Duty — Honor — Country," cannot fail to appeal to every American.

# Cranberry Glades Are Attraction For Lovers of Scenic Beauty

Pocahontas county has the reputation of being one of the most scenic and naturally lovely areas in the state. And not the least of its attractions is a dry lake bed known as the Cranberry Glades.

Once inaccessible except on foot, the Glades may now be reached by automobile. They have been justly famous for years among naturalists.

The layman will wonder at the old sponginess of the soil. You can jump up and down and the ground about you will quake like a bowl of Jello (any flavor). You have the odd sensation of walking on a huge, fluffy mattress. As a result, walking in the Glades for a long period of time is more than usually tiring.

The Glades have an altitude of 3,-375 feet, but it would be well to bring along fairly high shoes, as the soil is very moist. A husky youth can push a 20-foot sapling out of sight almost/anywhere in the 300 acre area which the Glades cover. Deer practically never enter the region for that reason. They have trails all around the grades but the soil within is too soft to support their weight.

Bear, however, go into the thickly grown swamp, for their huge pads serve as snowshoes to support them. The Glades are surrounded by mountains which soar to 4,600 feet, and the visitor will be much im- not, you don't need to worry-as you

there without accompanying someone thoroughly familiar with the territory. This is doubly advisable, as the visit will be much more enjoyable with a competent guide.

The most striking feature of the five glades in Glades is the profusion of both animal and plant life. Some plants may be found here which are in no other part of the state. One of these is the rare Buck Bean, which normally has a range from Alaska and Labrador to Pennsylvania.

Another unusual plant found there always thought is the Round-Leaved Sundew. It is were a nuisand carnivorous, and feeds on insects on this trip. which come within its reach.

Three varieties of wild orchids grow there. The bloom, however, is small and not to be confused with the expensive corsage which bedecks milady's gown.

Of course there are wild cranberries-two kinds of them. And the Cranberry River winds through the Glades in an unhurried manner, protected from disturbance by borders of alders.

Birds of various species live in the Cranberry Glades. The only specimen of the Hudsonian Curlew ever captured in West Virginia was found there, and now reposes in the West Virginia University Museum.

You probably don't like mice. If pressed with the wildness of the probably won't see them on your visplace. In fact, no one should venture it to the Glades. But did you know

they came in color? In Cranberry Glades they do. Not only is there the Stone Lemming Mouse, and the rare Rock Vole, but the Red Backed Mouse and Yellow-Cheeked Mouse.

Strangely enough, you don't have neone to worry about snakes. There are some in the Glades, but mostly the rattlers and copperheads stay in the surrounding hills.

The Cranberry Glades are really the five glades in one. They are Big Glade, Flag Glade, Long Glade, Litmay the Glade and Round Glade, ranging other in size from two to 56 acres.

# LOCAL BOYS THRILL TO BOAT TRIP DOWN HISTORIC GREENBRIER

#### By Gillis Olsen

Mrs. Ferguson asked me a few days ago to write an account of a boat trip Tommy King and I took down the Greenbrier River several weeks ago. Unfortunately we took no notes as we went along, and therefore much of it has slipped the mind; however, several incidents are indelibly etched in my memory and these I shall endeavor to bring to you.

If I am to write a resume of the trip in chronological order, I must begin about four summers ago when we conceived the idea. One day we were sitting on the bridge railing with our feet dangling over the sides looking down the Greenbrier when the unknown beckoned. We were to leave the next morning-then it was to be the next week-and so it went. Something always happened to postpone our departure. This summer, at long last, nothing stood in our way and we made ready to set sail.

The day before we left we carted King's rowboat, eight feet in length, (and, brother, a word of warningnever ride the crest of a raging flood very far on the Greenbrier in a boat that small) to the Knapp's Creek dam, got together our camping gear which was comprised of a tent (Capt. Leisher's), blankets, cooking utensils ets., a pretty good load in all, and we were ready!!

Saturday morning, June 27, 1942, at four o'clock we sleepily tumbled out of bed, ate the breakfast Mrs. night before, carried our gear by lantern light to the boat, and both of us promptly went into a wild Indian pretty tired. dance, Ah, innocent youth! While had been worrying about carrying the bost over rocks and low places, that merning the water was almost

proximately 45 river miles, and were a few miles below Renick. We hadn't had a bite to eat since leaving, and having been thoroughly doused with water, were indeed ready to make camp. But this was easier said than done. The mountains rose practically straight up on either side except for here and there where the railroad broke through to follow the river for a few miles. After several false landings where we couldn't find enough level space to pitch the tent, we saw smoke from a cabin and realized there must be a clearing back against the mountain.

Tom and I swung the U.S.S. Lexington XIV into the bank and I reached for a branch to steady her. But ladies and gentlemen that thar branch was no branch because that thar branch moved! That thar branch was a good sized snake! I came up with a scream that would have done justice to whoever does the screeching for the feminine lead in the Frankenstein pictures, and threw that snake twenty feet in the air—and King laughed and laughed and laughed. And if it takes ten years I'll get even with him for that.

We camped in a horse pasture and slept on semi-damp blankets. The next morning I was awakened by the less inflation is horse calmly and methodically wrecking our camp. The equine lar. If it does gentleman had torn a blanket which of a country had been too wet to use, to shreds, had chewed up a shirt, some shorts, and dumbly and had messed up everything in that will be ev King had so kindly prepared the sight, I'll hate him 'til I die, I said it values than th was morning when we awoke but in reality it was noon. This also came close to being a finish for our take-off on a few seconds later two badly scared and much wiser young men were on the Greenbrier with the first leg of the Journey behind them. It takes time to write about but in reality it happened in a couple of minutes.

Don't ever let anyone tell you that all of Pocahontas and Greenbrier counties is civilized. We went for by a hairbreadth ,and some we didn't wouldn't trade it for anything. forms of wild life-and had one big time. Daniel Boone had nothing on

One thing I'd like to comment upon at this point was the surprising number of derelict rowboats and skiffs we passed on our way. We did not count them but there were easily 50 thrown up into the brush on the banks aside from those which were chained and obviously had own-

Towards evening we were getting exceedingly brave, as we were still afloat, although we were kept constantly bailing by the waves sloshing over our gunwales, and we headed for a stretch of boiling water with our pames written on it. After we and gotten into it we knew we didn't have a chance, and sure straight for Davy Jones' locker we enough hended. Luckily we were only in waiet deep water, but as long as I live I'll never forget how big T. K.'s eyes were as he tried to keep his footing in the swift water and to nomine. Persons keep the boat from being swept aselled in the care way. In the mean

nic at flood stage. Our boat, the U.- us off and down the left side. The snowy S. S. Lexington XIV, put the Lone boat dropped down into a deep Ranger's well known horse, Silver, trough and there staring us in the to shame with its bucking and pitch- face was a wave at least six feet ing. We bounced along like a chip on high! The boat tried to scale it, but the ocean with no control whatsoever no go; and we ploughed through it. over where we were going. At the The force of the water washing over lower end of the island where the the boat almost carried us with it but two currents meet, we were thrown we were traveling with such speed into some brush and came darn near that our good ship didn't sink, although it shipped plenty of water.

At North Caldwell we got caught presen in another eddy from a bridge pier that spun us completely around I still feel like a merry-gotwice. round from that one. Just above Ronceverte we had another thrill and a near spill. Here there is a dam completely across the river, but as the water was still at flood stage it safely carried us over top.

We arrived at Ronceverte around six o'clock Sunday evening, after having gone between 70 and 75 river miles in two days, hid the boat, and the Lewis and Clarke expedition, but spent the night with a friend of mine, Frank Workman.

The next morning just as we were preparing to go on down the river, a card came from my sister, Carolyn, saying that Tommy was wanted at home. He had a job waiting for him in Washington. Carolyn ended her card, "They're both crazy!"

Thus, our trip on the U. S. S. Lexhours without seeing a soul-shot ington XIV came to a premature amazingly swift and rough rapids end. Perhaps this trip has sounded and small water falls-missed rocks too frivolous for most of you but we miss-saw wild ducks and other was truly a treat of an experience and I'm sure we'll always treasure it.

# Worth Knowing

There is too much talk about preventing inflation and too little done to prevent it. Washington desires to give the impression that it is fighting against inflation. As a matter of fact this is not the case. Only half steps are being taken to prevent inflation. This in spite of the fact that the memory of the disastrous effects of inflation following the last war is

One thing I'd like to comment upon at this point was the surprising number of derelict rowboats and skiffs we passed on our way. We did not count them but there were easily 50 thrown up into the brush on the banks aside from those which were chained and obviously had owners.

Towards evening we were getting exceedingly brave, as we were still afloat, although we were kept constantly bailing by the waves sloshing over our gunwales, and we headed for a stretch of boiling water with our names written on it. had gotten into it we knew we didn't have a chance, and sure enough straight for Davy Jones' locker we headed. # Allied 'Raids in Force' May Divert Nazi Troops

Germans Fear Large Scale Commando Attacks; Hold Million Well-Equipped Soldiers in Reserve.

By BAUKHAGE

News Analyst and Commentator.

WNU Features, 1343 H Street, N. W., Washington, D. C.

What about this second front?

The chorus demanding an invasion of Europe, not next year or next fall but sometime before day after tomorrow is rising to a fine crescendo. It is reduced to black and white in the Russian press, it is echoed in Lord Beaverbrook's publications in Great Britain, it is applauded by the common people in England whose affection for the Russians has grown by leaps and bounds.

Those are the outward signs. What is happening behind closed doors is, of course, harder to estimate. We know that the official Russian news agency, TASS, recently instructed its Washington correspondent to sound out informally, officials here regarding their prejudices, predilections and prognostications on the subject of aid to Russis in the form of a direct attack on the Axis. We know that the Russian ambassador in London openly, if not for official record, conducted similar inquiries. We know that a report reached Washington that the British censor, allegedly at American request, clamped down on secand front speculation. At the war department here it was stated there was no information concerning issuance of such orders or such a request from Washington. tempt, if someone did make such an attempt, to stience discussion of a second front may have meant that some military move was imminent.

Commandos have so far attempted but they would be organized on the same pattern. They would utilize all branches of the service and they would undoubtedly be under the command of Lord Mountbatten, chief of the combined services (Commandos).

Americans undoubtedly would take part but it is unlikely that the command would be American.

#### Pattern for Command

This does not mean, however, that when the full-scale invasion of Europe begins, unified command with an American commander is ruled out. However, it is unlikely that unified command, as it is being discussed at present, goes hand in hand with the establishment of a temporary, or even a permanent second front. The pattern for American commands already established will probably be followed, such as MacArthur's in Australia, where an American officer is in complete charge of all land, air and sea forces in his particular theater. Commands established in the European theater, with General Eisenhower in charge of the army and Admiral Stark the navy, differ in that American jurisdiction so far is limited to American units. At present there is no disposition to change this jurisdiction. It is quite possible that when the Expeditionary force is completely prepared for full-scale invasion of Europe it will be under American command, certainly if American units predominate n

What is happening behind closed doors is, of course, harder to esti-We know that the official Russian news agency, TASS, recently instructed its Washington correspondent to sound out informally, officials here regarding their prejudices, predilections and prognostications on the subject of aid to Russia in the form of a direct attack on the Axis. We know that the Russian ambassador in London openly, if not for official record, conducted similar inquiries. We know that a report reached Washington that the British censor, allegedly at American request, clamped down on second front speculation. At the war department here it was stated there was no information concerning issuance of such orders or such a request from Washington. This attempt, if someone did make such an attempt, to silence discussion of a second front may have meant that some military move was imminent. If so, what would the nature of that move be?

I have made diligent inquiry and although of course specific information cannot be expected, some general principles can be discussed. In the first place, I can find no encouragement from any military source for the idea for an imminent invasion of Europe on any scale which would identify it as a genuine second front. However, I have noted a slight change in attitude of persons who ought to know the plans so far as they are to be known. Instead of saying: "some time," or "perhaps in 1942" they now cautiously admit "not before the fall."

But as the clamor increases for some effort to divert Hitler from his mad charge toward the Caucasus, we do hear that some form of distracting military activity may be looked for. The Germans fear this. They also fear that what might be launched in the guise of a Commando raid might develop into a life-size invasion.

#### Hardened Veterans

There is proof of this: First, the Nazis are feverishly strengthening their defenses along the coast areas in great depth. Second, they are holding about a million men in Germany, equipped and ready. Hitler will throw them into the Eastern battlefront if he dares, or into western Europe if he must. These are well-equipped outfits, some of them fresh, well-trained troops, some parts of rebuilt organizations which were shot apart in Russia but are now rehabilitated and reconstructed, able men and hardened veter-

with an American commander is ruled out. However, it is unlikely that unified command, as it is being discussed at present, goes hand in hand with the establishment of a temporary, or even a permanent second front. The pattern for American commands already established will probably be followed, such as MacArthur's in Australia, where an American officer is in complete charge of all land, air and sea forces in his particular theater. Commands established in the European theater, with General Eisenhower in charge of the army and Admiral Stark the navy, differ in that American jurisdiction so far is limited to American units. At present there is no disposition to change this jurisdiction. It is quite possible that when the Expeditionary force is completely prepared for full-scale invasion of Europe it will be under American command, certainly if American units predominate numerically as they may eventually.

As to the question of a supreme commander over all the unified nations, military men feel that this would be impossible. They point out that Stalin in Russia and Chiang Kai-shek in China could hardly subordinate their authority to any foreigner. For purely technical reasons, the vast expanse of the front is so great it is inconceivable that one man could command it. It is also noteworthy that even Hitler cannot pretend to dictate policy or strategy to the Mikado.

We may see American troops in comparatively small numbers fighting side by side with British forces on the continent of Europe before the snow flies, but it is unlikely that the units will be large or under American command.

# Visiting Royalty Presents Problems

The entire king business is being revamped and the United States is responsible. The government in Washington, from the time when the very word royalty was anathema, has not cared for kings and queens. It wasn't that the animosity of early days survived indefinitely after John Bull and Cousin Jonathan made up. It was (and is) a mere matter of facilities.

The way our government is set up, domestically, you might say, we really have no provisions for entertaining royalty.

And where else can you put a king or a queen or a royal prince or princess? You have to be hosstriped material wallpaper color wa chair cover and skirt. The chair i rocker and the orar ing table has hinge tions for them mapages 4 and 19 Book 5.

But as the clamor increases for some effort to divert Hitler from his mad charge toward the Caucasus, we do hear that some form of distracting military activity may be looked for. The Germans fear this. They also fear that what might be launched in the guise of a Commando raid might develop into a life-size invasion.

#### Hardened Veterans

There is proof of this: First, the Nazis are feverishly strengthening their defenses along the coast areas in great depth. Second, they are holding about a million men in Germany, equipped and ready. Hitler will throw them into the Eastern battlefront if he dares, or into western Europe if he must. These are well-equipped outfits, some of them fresh, well-trained troops, some parts of rebuilt organizations which were shot apart in Russia but are now rehabilitated and reconstructed, able men and hardened veterans.

And as nearly as a layman, restrained by a desire not to reveal anything which might serve as aid and comfort to the enemy, can do so, and building on the slight inforavailable, the following mation seems to be the picture: Aside from the continuation of mass air raids when the weather permits, the only probable move on the part of the Allies in the immediate future will be an effort either to immobilize this German reserve or draw it toward the western front, not to engage it in battle.

The means of doing this will probably be what are technically termed "raids-in-force." That is, the landing of troops in numbers, perhaps in thousands, with the purpose of creating as much damage as possible to German installations, the holding of their positions for some time in order to divert as many enemy troops as possible, but so planning and executing their activities that they can retire when their mission is accomplished without heavy losses.

These attacks would be on a much ought to be larger scale than anything which the dei gratia.

on the continent of Europe before the snow flies, but it is unlikely that the units will be large or under American command.

# Visiting Royalty Presents Problems

The entire king business is being revamped and the United States is responsible. The government in Washington, from the time when the very word royalty was anathema, has not cared for kings and queens. It wasn't that the animosity of early days survived indefinitely after John Bull and Cousin Jonathan made up. It was (and is) a mere matter of facilities.

The way our government is set up, domestically, you might say, we really have no provisions for entertaining royalty.

And where else can you put a king or a queen or a royal prince or princess? You have to be hospitable. Presidents don't have palaces and until the present regime few even had a country house to offer.

That is one difficulty. Another is the question of protocol. There are certain forms and ceremonies that kings and queens are used to at home—and everybody, even a democratic nation, wants to make guests feel at home. Many of these ceremonies ordinarily accorded royalty at home, don't fit in very well with democratic traditions.

But in these days kings and queens and princes feel they simply have to come to the United States and pay their respects and "sell" themselves and their countries to the American people. We are pretty important as a nation. We will be important after the war, too.

The result is that kings and queens have had to revise a lot of their habits—habits which they probably don't enjoy but which are, or have been demanded of loyal subjects everywhere. What is the use of having a king if you don't treat him like one and if he doesn't treat you the way you think you ought to be treated by your ruler—dei gratia.

One of Uncle Sam's newest weapons for the armored force, the M4 tank, is shown on special demonstration at Fort Knox, Ky. Here the 28-ton tank plows through a barn to demonstrate its ability to negotiate obstacles. It has a 75-mm. cannon in a revolving turret and a completely welded hull.

### RUSSIA: Flank Tactics

While Moscow's official radio was telling the Germans in their own language that the United States and Russia had come to their agreement on the creation of the second front in 1942, Soviet troops were busy with flank attacks on the Nazi forces all along the 300-mile Don river front.

German drives had pushed far beyond Rostov, toward the Caucasus,
but the Russians were claiming that
their new flank attacks were netting
a terrific toll of Nazi tanks and men.
At Veronezh, northern anchor of the
Don front, the Russians had been
holding out doggedly while their columns were being pushed back in the
other sectors.

If Germans in the homeland had been listening to the Russian radio tell of the coming of the second front, they heard too that their country would be confronted with 15,000,-000 men, 85,000 tanks, 100,000 guns, and 50,000 airplanes. But this was brave talk for even the official Russian communiques admitted the gravity of their nation's peril. Most feared was a Nazi break-through in the center of the Caucasus front. This would more than likely mean that the so-far orderly Russian retreat would stand a chance of being turned into a rout-a result that would be disastrous for the cause of the United Nations.

Soviet officials had other troubles, too. There were reports out of the Don valley that large rings of fifth columnists had been uncovered. Many of the spies in these groups were quickly executed as they were caught trying to co-operate with

## PEACE PLAN: For CIO-AFL

A proposal that the Congress for Industrial Organization and the American Federation of Labor "initiate discussions regarding possible establishment of organic unity" was made by Philip Murray, CIO president, in a letter to William Green, AFL chief.

Peace proposals between the two organizations have been discussed for several months as a step toward speeding war production. In his letter, Murray proposed the establishment of a committee composed of representatives of both organizations, with an impartial arbitrator, to settle all jurisdictional disputes between the two groups.

Murray named a committee of three to discuss the problem of "organic unity." He named himself, R. J. Thomas, president of the CIO United Automobile Workers, and Julius Emspak, secretary of the United Radio and Machine Workers union.

their new flank attacks were netting a terrific toll of Nazi tanks and men. At Veronezh, northern anchor of the Don front, the Russians had been holding out doggedly while their columns were being pushed back in the other sectors.

If Germans in the homeland had been listening to the Russian radio tell of the coming of the second front, they heard too that their country would be confronted with 15,000,-000 men, 85,000 tanks, 100,000 guns, and 50,000 airplanes. But this was brave talk for even the official Russian communiques admitted the gravity of their nation's peril. Most feared was a Nazi break-through in the center of the Caucasus front. This would more than likely mean that the so-far orderly Russian retreat would stand a chance of being turned into a rout-a result that would be disastrous for the cause of the United Nations.

Soviet officials had other troubles, too. There were reports out of the Den valley that large rings of fifth columnists had been uncovered. Many of the spies in these groups were quickly executed as they were caught trying to co-operate with Nazi parachute troops who were dropping behind the Soviet main lines.

Meanwhile, through England and the United States the cry was getting louder for military officials to establish the much-discussed second front. From widely diversified groups and sections came the urging. There was considerable agitation for this move for many people feared the United Nations would suffer a most severe blow should Russia fail to last the year on the European side of the Ural mountains.

# ALEUTIANS: 10,000 Japs

Breaking an official silence, a navy spokesman officially estimated that the Japanese have succeeded in putting "not more than 10,000" troops into the Aleutian island area and at the same time announced there was no evidence that the Pribilof island to the north had been occupied by the Nipponese.

speeding war production. In his letter, Murray proposed the establishment of a committee composed of representatives of both organizations, with an impartial arbitrator, to settle all jurisdictional disputes between the two groups.

Murray named a committee of three to discuss the problem of "organic unity." He named himself, R. J. Thomas, president of the CIO United Automobile Workers, and Julius Emspak, secretary of the United Radio and Machine Workers union.

# BEEF:

In butchershops from the Bronx to Boise there was considerable beefing about beef. Beef was high. Beef was hard to get. What was the trouble?

President Roosevelt told his press conference there were three main reasons for the current meat shortage: (1) this is the off-season for beef; (2) people have more purchasing power now, with which to buy better cuts of meat; and (3) around 4,000,000 men under arms are now eating much more meat than they ever ate on their own dinner tables at home.

Meanwhile Agriculture Secretary Claude Wickard reported that there may be some relief in the temporary beef shortage this fall when more cattle are brought in off the range. But other sources looked with disfavor on what effect this would have on the normal spring beef market.

# GIANT PLANES: From Shipyards

There was a new answer to the shipping problems of the United Nations looming on the horizon. It was an unofficial agreement from the War Production board to give the "green light" to plans of Henry K. Kaiser, West Coast shipbuilder, to build giant cargo and troop transport planes in nine of the nation's shipyards.

First hitch to be overcome in the suggested set-up was the granting of

# ALEUTIANS: 10,000 Japs

Breaking an official silence, a navy spokesman officially estimated that the Japanese have succeeded in putting "not more than 10,000" troops into the Aleutian island area and at the same time announced there was no evidence that the Pribilof island to the north had been occupied by the Nipponese.

The statement came in answer to a report made by the Alaskan delegate to congress, Anthony J. Dimond, that between 20,000 and 25,000 Jap troops were on the Aleutians and that the Pribilofs had been

occupied.

Questioned about Dimond's reports, the spokesman said that "we believe that not more than 10,000 Japanese are in the Aleutians, probably one-half ashore and one-half afloat."

The Japs gained a foothold in the Aleutians on June 3. So far, the navy has confirmed the presence of Japs only on three of the islands: Attu, Agattu and Kiska, at the western end of the chain. The Pribilofs are in the Bering sea, and consist of four islands: St. Paul, St. George, Otter and Waldrus. The latter two are small and uninhabited.

# PETRILLO SAYS 'NO':

# To Davis Plea

"I cannot grant your request to cancel the notice that the AFM members will not play for transcriptions or records."

With those words, James C. Petrillo, president of the American Federation of Musicians, refused a request by Elmer Davis, director of the Office of War Information, to rescind his ban against the making of new phonograph records or radio transcriptions for commercial purposes by union members.

shipping problems of the United Nations looming on the horizon. It was an unofficial agreement from the War Production board to give the "green light" to plans of Henry K. Kaiser, West Coast shipbuilder, to build giant cargo and troop transport planes in nine of the nation's shipyards.

First hitch to be overcome in the suggested set-up was the granting of authority by military officials to release engines and other parts needed in the building of aircraft for the army and navy.

Donald Nelson, WPB head, appeared to be willing to proceed with the plan if these materials could be obtained without hampering the war effort. This came as a surprise as WPB first voiced skepticism on the plan.

Kaiser's idea calls for the conversion of three shipyards on each coast to produce 5,000 flying boats a year. The ships would be of 100-ton design fashioned after the 70-ton flying boat Mars, now in active use. Support of Glenn Martin, Baltimore bomber builder, Tom Girdler, steel magnate and all others with knowledge of production problems of plane building would be sought, according to Kaiser.

After Kaiser had discussed the idea with Nelson he appeared before a senate military subcommittee to testify and Nelson later issued a statement stating that the WPB was willing to "co-operate to the limit in any practical way for increasing the effectiveness of our ... transportation systems."

At the same time, James H. R. Cromwell, former U. S. minister to Canada, was proposing that Kaiser be made "czar of air transportation." He said: "If we can't get supplies to the fronts by air transport we are going to lose this war."

## MARLINTON STREET STABBING PUTS MAN IN LOCAL HOSPITAL

Benton Messer, of Mountain Grove, Va., between Marlinton and Warm Springs, is a patient at the Pocahontas County Memorial Hospital, suffering from knife wounds sustained in a street fight with two colored men, about 2 a. m. last Sunday morning. The stabbing occurred in the street near the Marlinton Presbyterian church. Floyd Jackson and Frank Walker, the colored men, both of Marlinton, are being held under \$1,500 bond each to answer an indictment before the grand jury for malicious assault. They were arrested early Sunday by local officers.

The exact cause of the altercation has not been definitely learned, and all those involved were said to have been drinking heavily, but apparently some misunderstanding resulted at or near a colored restaurant opposite the railroad depot, after which the men made their way, on opposite sides of Main street as far along as Camden avenue. Here, it is related, Messer secured some stones which he threw at Jackson, who approached him with drawn knife. In the scuffle Messer is alleged to have disarmed Jackson, knocking the knife to the ground. Then, witnesses say, Walker picked up the knife and placed it back in the hand of Jackson, who used it to inflict wounds in the white man's abdomen.

Messer's wounds are not believed ion, as though

## Kills Large Rattlesnake

Charles Miller of Dunmore, killed a large yellow rattlesnake last Tuesday on Cecil Shinaberry's place, just above the big cut. Mr. Miller and his daughter, Anna Lee, had been picking huckleberries, and had come down from the patch to the bottom of the hill, where the big rattler was lying on a rock. The snake had nine rattlers and a button, Mr. Miller reports, and was about four feet long. He killed the snake with a fencerail.

servers that General Eisenhower's attitude reflected the feeling in many unofficial circles to the effect that a second front is needed at the earliest possible moment and also that the British have found the Germans to be a tough and hardy foe.

## MOSLEMS SPEAK:

## On Cooperation

If the British continue to sacrifice Moslems' interests in seeking peace with the Hindu-dominated All-India Congress party, it will mean the end of co-operation between 80,000,000 Moslems and the British empire.

That warning was uttered by Mohammed Ali Jinnah, leader of the All-India Moslem league, which has not participated in Mohandas K. Gandhi's passive resistance campaign for immediate Indian independence.

Although the Moslems are a minority in the Indian population, they have contributed far more than their share of men to the 1,000,000 guarding against an expected attack by the Japanese.

Jinnah, in a press conference, explained his position thus:

In his capacity as leader of the Moslem league, he offered at the beginning of the war to co-operate with the British. This assurance has been given many times. But, he said, the Congress party, consisting mostly of Hindu political elements (and a minority of Moslem representation) consistently has refused to co-operate. Because of this, the British have attempted to satisfy the Hindus with more and more offers of a part in the government. Each concession, he pointed out, weakens the Moslems' strength while building that of the Hindus.

## GEORGE SHEFFLER PROMOTED TO SERGT.

Panama City, Fla.—It's Staff Sergeant George E. Sheffler. He is the son of Mrs. Lillian E. Sheffler of Marlinton, W. Va.

Promotion of this man Army Air Forces Gunnery School at Tyndall Field was announced today.

The promotion was earned for the Staff Sergeant's successful completion of the intensive five weeks course given picked men here to qualify them as top-notch aerial gunners.

It is a rigorous schedule with a lot of instruction crammed into a short period. The first two weeks are devoted to class room lectures and study. During this time, the student is taught the mechanism of a machine gun and studies turrets, installations, ballistics, harmonization, sighting, and air craft and naval recognition.

Leaving here, the man, Staff Sergeant, goes back to the outfit that assigned him here for the special training. His next step may be transfer to parts unknown for

actual combat duty.

The course is difficult, officers admit, but the men say they like it. It's not all work, of course, as plenty of recreational hours are allowed. keep the men fit, they cover a unique exercise course three times every afternoon. It consists of parallel bars, horizontal bars and three walls of increasing height, which they

Until recently he was employed at an air base in Columbus, O., and has accepted a position as production manager for the Kenwood Corporation at Dailey.—Elkins Inter-Mountain.

## Mrs. Otis Wilson Praises Pocahontas County Surgical Dressings Program in Report

Frank S. Curtis Regional Director, Eastern Area, A. R. C.

615 North St. Asaph St. Alexandria, Virginia

My dear Mr. Curtis:

I was fortunate in being able to spend Tuesday, August 18, with the Red Cross Chapter of Pocahontas County, in Marlinton, W. Va.
With the able assistance of Mrs.

Kenneth J. Hamrick, Chapter Instructor, we trained five supervisors in the new surgical dressings room. provided by the County Board of Education for the use of the Chapter.

This room in every way comes up to Red Cross specifications. It is well lighted and well ventilated. The walls have a fresh coat of white paint and the floor a new coat of

soft grey paint.

The tables are new, will seat twenty or more people easily, and are some of the best I have seen in anl surgical dressing room. They are the right size and height for good work with glued linoleum tops, a soft blue in color which shows up all the loose white threads that we look for in making dressings.

The five Marlinton women who took the training did careful, efficient work, and there is every reason to feel sure that the Pocahontas Red Cross organization will expand its program still farther in this emergency surgical dressings need of our armed forces.

I met many of the workers at a Red Cross tea on Thursday afternoon, August 20. There are good communities in this county beside Marlinton to which this emergency program can look for support. Whatever quota you see fit to send the Pocahontas Chapter will be well taken care of by the people of the county.

Greenbrier County

Miss Helen Schuchat, Chapter In-structor, (Lewisburg, W. Va.) writes me that their surgical dressings proram is going well; that they have orty trained supervisors and five come ready to open as soon as their puota arrives. This program will con-finne even though Miss Schuchat pust leave soon for a winter's work

real pleasure to be able to sond in these good reports.

## **Death Claims** B-L-A-C-K-O-U-T! Blaine Taylor

Blaine Ward Taylor, 82, one of Randolph County's most prominent residents and a member of a pioneer family, died August 27th at 7:00 o'clock at the home of his daughter, Mrs. Linton Thornton, the former Miss May Taylor, in Bluefield. Mr. Taylor had been in ill health

for the past few years, and divided his time between the homes of his three daughters, Mrs. Thornton, Mrs. Joseph Bierer of Morgantown, and Officials of Mrs. LeRoy Fenton of Marlinton.

He was born near Elkins on December 15, 1859, a son of Andrew and Louisa Dyer Taylor. He attended public school and private schools in the County of Randolph and taught at the age of 13. He later atone of the state's leading educationtended Fairmont State College, then al institutions, and after his graduation taught in the school for a time.

On February 13, 1889 at Lexington, Va., he married Miss May Jackson, daughter of Col. Alfred H. and Mary Blair Paxton Jackson, of Weston. To this union five daughters were born, two deceased and Mrs. Fenton, Mrs. Bierer and Mrs. Thornton surviving, also six grandchildren.

Mr. Taylor served two sessions as a clerk i nthe West Virginia Legislature. In 1882 he was appointed to re-value lands in Randolph County. He was twice elected Superintendent of Schools in Randolph County and was chief clerk of the State Department of West Virginia during Governor Fleming's administration. He spent two years in the railway mail include men from Caesar Mountain for the thing service and in January 1894 was appointed chief clerk in the dead letter office in Washington. In September, 1895 he was promoted to the a dedicatory flag service. The public position of Superintendent of the Di- is cordially invited to attend. vision of Post Office supplies, and in January 1897 was made chief clerk FINDS MADE BY BIRD of the post office department. ## FBI ON THE ALERT

In my opinion the FBI has justified all that it has ever cost this government in it's apprehension of the eight saboteurs whose trial was recently concluded.

These eight persons came to this country prepared to carry on an extensive program of destruction in

our most vital war industries.

They were not riffraff, who might blunder through a program, striking here and there, but were especially trained for the job in hand. They were trained to select the most vital spots in our vital industries, spots in which even a small amount of damage would tie up the whole production program of the plant.

They were equipped with all the latest known aids to sabotage that the ingenuity of Hitler's criminal gang would conceive. They were selected, carefully selected, because of their knowledge of this country and its industries. They were deemed the best possible types to get done the particular job they were hired to do.

They were thoroughly trained in Hitler's sabotage school. Not a detail was left lacking that would enable them to worm their way into the confidence of Americans that they might better be able to thrust the knife into the back of their friends.

They are no ordinary criminals, victims of warped minds and mental complexes. Rather, they are graduates, all with master's degrees in crime, sabotage, murder and treason.

Because of this fact it is all the more to the credit of the FBI that they were apprehended at the criti-

months similar act by the legislature of In 1894 thirty state ed it as a Nationa June 28, 1894 Commake it a legal hol tories. The day is trict of Columbia every state.

Sugo

more to the credit of the FBI that they were apprehended at the critical time before they had the chance to even begin their program of

meachery and destruction.

The apprehension of the group by the FBI coming at the time that it did should be a challenge to the vigilance of all Americans. It should jar from indifference and smug complaction indifference and smug complaction indifference and indifferent. They should realize that we are in grave should realize that we are in grave danger from such enemies within

Let no one bill himself to sleep with the thought that this group is the only one of the kind being sent out by Hitler to wreak his treachery in our industries. Let no one think for a minute that when these eight face the firing squad that the matter is ended. It isn't. This group is but one of many similar groups that are going to come to our shores armed with means of destruction and ample funds to employ others to do their treacherous work.

Within a month this group of eight would have had a hundred agents located in every corner of the country ready to strike at the word.

The FBI efficient as it is, cannot be everywhere. It must have the help of the patriotic citizens of this country. He on the alert always for further efforts that will without doubt be made.

Go to your postmaster with any evidence or your nearest FBS office. Act quickly and secretly.

## Three Men Join the Navy

Anson Keith Duskey, son of Mr. and Mrs. Ray Duskey of Durbin. Clay Cameron Gregory, son of Mr. and Mrs. Alex B. Gregory of Boyer, and Robert Junior Crum, son of Mrs. Rosie Crum of Durbin were accepted for enlistment by the local Navy recruiter and will be sent to Charleston for final examinations and enlistment in the near future.

The Navy recruiter desires to call attention to the fact that men may be accepted for enlistment in the Navy up to the time of their actual induction into the Army via the draft method. Most ratings in the Naval Construction Battalion are again open to qualified men men for the regular Navy and regular Navy Reserves are always in demand to the tune of 56,000 new men a month to man its new vessels and its far-flung bases in all parts of the world.

See the Navy recruiting officer for further information. A Navy recruiter from Elkins will be in Marlinton on the second and fourth Friday each month and in Durbin the second and fourth Monday.

## Greenbrier Hotel Now Base Hospital For U. S. Army

The Greenbrier hotel and cottages in White Sulphur Springs was officially closed to all guests on Monday, August 31, and was taken over by the government, it was reported in last week's White Sulphur Springs Sentinel. The hospital was recently obtained for an army base hospital.

As the last guests gathered in the spacious and magnificent lobby to depart for the C. & O. station, the hotel organist at the request of General Manager Loren R. Johnston played a closing organ recital, beginning with the beloved old southern tunes, "Carry Me Back to Old Virginia," "My Old Kentucky Home," and many other appropriate songs ending with the stirring patriotic "God Bless America" and the national anthem

Tears flowed openly and unashamed as guests of many seasons here said their last goodbys to the famous old hotel and the lights blinked out in the upper stories.

The management of the hotel is doing everything possible to preserve its historical items. The Old White Museum, which was housed in the Lee cottage, has been turned ever to the Greenbrier county library and museum at Lewisburg, which will be closed for the present and a public re-opening will be held at a later date.

will be closed for the present and a public re-opening will be held at a later date. One set of murals in the President's cottage which depicted life at the Greenbrier have been removed by the artist, Wm. C. Grauer, to be sent to Washington and Lee university at Lexington. Other items such as old prints will also be sent to the university.

The library at the hotel goes to the local Community House. It includes the works of Dickens, Shakespeare and Hawthorn, sets of encyclopedias and many others. It is understood that these items are only loaned and are subject to recall in the event the hotel is reopened fol-

lowing the war,

Sam Snead was presented five scrapbooks which contained newspaper clippings concerning his activities as America's No. 1 golfer while pro at the Greenbrier. Scrapbooks containing clippings such as the Prince of Wales' visit here in 1919, and 125 other scrapbooks bearing upon activities since the opening of the first Greenbrier will go to the archives department of the C. & O. Railway company at Richmond, Va.

The golf course and swimming pool will remain open to the public for a short time pending negotia-

tions.

The personnel director of the surgeon-general's office arrived at the Greenbrier on Wednesday for the purpose of ascertaining from each department head those interested in remaining in service at the Greenbrier. The staffs of the diningroom, kitchen and housekeeping departments are leaving for hotels in Cleveland, New York, Williamsburg, and other places,

## Gov. Neely's Suit Is Continued

The \$250,000 damage suit of Gov. Neely against the Charleston Mail association and Publisher Walter E. Clark was continued yesterday until the January term of circuit court, but trial dates were fixed for two other cases.

The notation on the Kanawha circuit clerk's docket said the continuance was asked by the plaintiff, it is reported by the Charleston Ga-Neely and Democratic State Chairman A. Hale Watkins are cocounsel.

The \$200,000 action of Attorney General W. S. Wysong, filed while he was president of the state board of control, against the same defendants was set for November 16.

The suit of Road Commissioner Ernest L. Bailey asking \$100,000 was placed on the docket for trial October 27.

Neely filed his suit April 8 against the company which publishes the afternoon daily and Clark. It climaxed a controversy over administrative af-In his personally conducted column, Clark had criticized purchase of Old Sweet Springs in Monroe county for a tuberculosis sanitarium.

Wysong's action was filed April 15 after publication of an open letter to him with respect to disposition of furniture at the resort.

## Surgical Dressing Program Needs Many More Women Volunteers

## TAKE TIRE AND WHEEL FROM LANG GARAGE

Tire thieves are on the loose in Marlinton, and made away last Wednesday night with the spare tire and wheel of the car belonging to Misses Mabel and Fleeta Lang, who operate Lang's Dress Shoppe in Marlinton.

The Lang car, a 1940 model plymouth, was in the garage at the rear of their home on Sixth street at the time of the robbery. theel is green in color and the tire of Goodyear make, size 5.50-16. -XXX-

## Local Banks Have Tax Notes Available for Purchasers

Local banks are ready to help Mr. John Q. Citizen render a patriotic ervice and at the same time pave he way for a "painless" payment of taxes when they are due. The means which has been provided for miracle is two revised issues of In Savings Notes, available in sums

Tax savings notes are purchased at all face value in the sum desired by arpaying citizens, and although are three-year notes, persons degrag to eash them in prior to the of their maturity may do so at face value, plus accrued interest. the if the person decides at taxarment time that he does not need money invested in the tax savnote, he made leave the money crested until the three-year matur-V, at which time it may be cashed for full face value, plus accrued

Large Quotas Being Assigned to Local Unit Makes Bigger Force Necessary.

The women of this vicinity are being challenged with their share of a large and important war-time task: The making and folding of surgical dressings for use in the armed forces of our country.

A surgical dressings committee has been established here and training has been given to a corps of instructors who in turn teach the volunteers how to prepare the dressings. In answer to a call for volunteers, many women have responded, but because of the enormous quotas assigned to the counties engaged in this work many more are needed, and many more workers must enlist before the quotas can be filled on time.

As about many new things, some erroneous beliefs have been spread abroad which perhaps have intimidated some. The editor of the Journal is interested in all of this work and believes a frank statement may help in this regard. It is with this in mind that we say: Any woman, sound of health and who can wear some clean wash dress and covering for her hair is needed, and is wanted to share in the task of making the surgical dressings. There is no "bawling out" or other unreasonable demands made upon the helpers. All of those engaged in the work, as in all other phases of Red Cross endeavor, realize that it is a volunteer effort, and one which must be done upon a cooperative basis. It is not, however, thought, unreasonable to demand cleanliness and freedom from contagious infection upon the part of those who par-

in this regard. It is with this in mind that we say: Any woman, sound of health and who can wear some clean wash dress and covering for her hair is needed, and is wanted to share in the task of making the surgical dressings. There is no "bawling out" or any other unreasonable demands made upon the helpers. All of those engaged in the work, as in all other phases of Red Cross endeavor, realize that it is a volunteer effort, and one which must be done upon a cooperative basis. It is not, however, thought, unreasonable to demand cleanliness and freedom from contagious infection upon the part of those who participate. A surgical dressing is a dressing for a wound, to protect it and to keep it clean, and to promote in healing. Therefore, a dressing which already bore the stain of infection because it had been carelessly made, or because the person who made it had a cold or the flu, or was otherwise unclean, would only be a contribution to what is already the horrible tragedy of disease.

The surgical dressing room (the old hot lunch building) at the rear of the Marlinton high school, is open each day except Saturday from 2 to 5 o'clock, and beginning September 29 will also be open each Tuesday and Thursday nights from 7:30 until 10 p. m. All women are urged to respond to the challenge presented in this task.

Those working in the Red Cross Surgical Dressing Room during the week of September 14 were:

Monday—Mrs. John H. Bessling, Jr., Mrs. C. S. Kramer, Mrs. Eugene Ammons, Mrs. Ed Richardson, Mrs. Ora McNeil, Miss Ethtl Barlow, Mrs.

## Methodist Pastors Given Assignments

Rev. Fred Oxendale Returns to Marlinton; Rev. Greenwood to Succeed Dr. D. L. Snyder at Durbin.

Five hundred Methodist ministers were given assignments for the coming year at the closing session of the West Virginia conference last Sunday in Clarksburg. About 800 ministers and laymen attended the meeting.

Dr. James H. Straughan of Pittsburgh, the presiding bishop, said the changes necessary were about the average of 25 per cent of the pastors.

F. M. Sydnor, aged about 62 ye died at his home in Crewe, Virgi He had been in ill health for s time. Interment was made in Pet burg Thursday, September 24.

For nearly forty years Mr. Sywas a leading citizen of Marlin taking a prominent part in busi church and civic endeavors. H survived by Mrs. Sydnor and a da ter, Mrs. J. L. Hamner.

## State Soldiers Have Choice Of Two Ballots

Armed Service Men I Vote Under State or I eral Act; the Latter Li Candidates.

Secretary of State William O'Brien suggested this week West Virginians in the armed ices who wish to vote in the coelection exercise that right under state absentee voters' law a than under the recent act passe Congress.

By doing this, he explained, can vote for the entire ticket, under the congressional act the be limited to candidates for senator and house of representa

Application for ballots under state law should be made to the cuit court clerk in which the has residence. He emphasized, ever, that to vote this ballot, the er must be registered. Registries not necessary in voting the ballot authorized by Congress.

## Should Inform Boys

He suggested that parents of diers and sailors away from home vise them to apply for the absorbers' ballot if they are regist but if they are not registered to a to the secretary of state for the ballot authorized by Congress for

## Army of Boys and Girls.

The boys and girls of Pocahontas county are part of a national junior army which on October 5 will begin a great attack.

The attack is against the worst enemy within our borders today. The enemy could stop our factories from making guns and ships and tanks and planes. The enemy could prevent those weapons from being made by preventing manufacture of the steel out of which parts of those weapons re made.

That enemy is starvation of the teel mills.

But the school pupils of our nation, ranized in a great junior army, are oing to feed the mills. They are gog to find and bring together the ings out of which tanks and ships e made - things like rusty pipe, oken bed springs, air guns that en't shoot any more. Around Pohontas county that is junk, scrap. Commanding General of the West rginia Division of the junior army school boys and girls is W. W. ent, state superintendent of free cools. The regiment in Pocahontas anty is headed by Colonel E. S. atter. Each school principal is a jor in the Junior Army. Under h Major, come the Captains, the chers. School boys and girls of b school room will be the Lieuants, Sergeants, Corporals and rates. Those who do well will be moted, just like real soldiers in fighting army.

Organizing Fire Crews In Every County

New Set-Up for Combating Forest Blazes Effected; Special Training Given.

A new plan will be in effect this year when the fire season and hunting season open October 15 in West

Virginia.

The conservation commission, engaged since July in readjusting its program to meet the needs arising from tire-and-manpower shortages, and the Office of Civilian Defense are organizing fire fighting crews of 5 to 10 men for every 10,000 acres of forest land in each county.

R. O. Bowen, state forester, explained that this will require approximately 2,000 crews for the state. The set-up will be completed by the middle of October when the fire season

begins, he said.

The OCD plan, affecting only 32 counties, calls for the enlistment of larger numbers of auxiliary firemen to be trained for forest fire fighting, according to Carl B. Bachman, state director of civilian defense.

Quotas have been assigned to the counties in an effort to gain the number of men needed, about 3,000. The quota for Pocahontas county is 39.

A number of training schools for crew leaders already have been held. The general plantis to hold at least one in each county.

Officials express confidence .that they will be trained and on the alert to cope with any fire outbreaks.

Matching in spirit anything that has been done to further the "all out" drive to build Pocahontas county's scrap heap, Grover Craddock, of Dunmore, has presented to Mack S. Brooks, assistant county superintendent of schools, the metal helmet that he wore in World War I, to be added to the accumulation of articles representing the efforts of the school children to aid the scrap drive.

Craddock's act is perculiarly significant in that the helmet was an object of sentimental value, and cannot be replaced. It was Craddock's second helmet, Mr. Brooks explained, since the first one issued to him was shot from his head during one of the battle drives in which he was engaged. The force of the bullet's impact broke the chin-strap and shattered the helmet rim. And the helmet which agreeable personalities: Virgil Beckhas been donated to the metal campaign was given to Mr. Craddock to replace the shattered one.

The veteran saw action in the for-mer war on four fronts during his twelve months in France. He was wounded twice by machine gun bullets, and also was gassed.

Plans are progressing in the school program in which teachers and pupils are cooperating with people in every community to bring in or lo-cate pieces of scrap, and forward a report to the office of the county superintendent, who in turn will dispatch orders for the junk to be col-

## Seek to Enlist 18-19-Year-Old Youths for Army

## Volunteers in These Age Classifications May Select Own Branch of Service.

The War Department announced this week the opening of an intensi-fied campaign for the recruiting of 18 and 19-year-old volunteers for the Army. This group will be given a much wider range of choice than before in their privilege of picking the arm in which they are to serve.

Under the new ruling, recruits of 18 and 19 may volunteer specifically for the Quartermaster Corps, the Ordnance Department, the Chemical Warfare Service, the Medical Department, and the Corps of Military Police, in addition to the previous range of choice between the Infantry, Cavalry, Army Air Forces, Coast Artillery - including Anti-Aircraft and Harbor Defense - Field Artillery, Armored Force, Engineers and Signal

"This system of elective service is of vital importance to the Army today as a supplement to Selective Service," stated Lieut. Gen. Brehon Somervell. commanding general, services of supply. "It is not enough for our Army to be as big and as well-equipped as the enemy's - it should also be as well-balanced in age groups. The Army invites American youth to answer that chal-

"The privilege of electing their branches of the service can safely be given to the men in the younger age group for precisely the reason for which the Army needs them - their adaptability and ready response to

training."

In each of the five services newly added to the list as well as its eight branches previously open, there are ample opportunities for advancement and a chance to apply for officer can-

Boards is needed in the case of 18 quired.

## G. STEELE CALLISON RESIGNS AS DIRECTOR OF DEFENSE COUNCIL

The principal act of business at the called meeting of the Pocahontas County Civilian Defense Council at the control room in Marlinton on Tuesday night was that of accepting the tendered resignation of Mayor G. Steele Callison as director.

Mr. Callison, who organized and ing as th directed defense activities in this despite county from the time of their incepiton, stated that circumstances be-yond his control would not permit him to continue in the capacity of director. However, as mayor of the Town of Marlinton, he will still be a member of the council, and volunteered to serve in any capacity ex-

cept that from which he resigned. A committee was appointed to select a successor to Mr. Callison.

The former director gave an excellent report to the members of the council concerning the meeting of civilian defense officers, which was held last week in Charleston, and at which Civilian Defense Director Landis was the principal speaker.

Other reports were given by Clark Young of the labor committee; Mrs. Barbara Bragg, on nutrition; and reports from Cass, and from Wilbur Moore of the war board, Virgil Beckett of Hillsboro, and from Durbin were read by Mr. Callison in the absence of representatives from these sections.

## Needs 100 Apple Pickers

J. G. Hamrick of Lewisburg, district representative of the United States Employment Service has announced that his office is wanting 100 apple pickers immediately for thirty days work. The rate of pay is good, he says, and transportation is free. Anyone above 16 years of age is eligible for a job, and no physical examination is required. Interested persons are asked to see a representative who will be at the Mayor's Office in Cass on Friday at 1 p. m. to 2:30 p. m., or at the Court House in Marlinton on Saturday morning between 8:30 a. m. and 12 noon.

# Coach John Casey Leaving for Army

Coach John Casey, who has just started his second season at Marlinton high school, will witness his proteges contesting for victory Saturday for the last time until he finishes a certain little score for Uncle Sam, along with several million other members of the Big Team.

Casey has been one of the most popular teachers as well as an excellent coach since coming to the local school last year. Under his guidance the Copperhead teams have come to the front, and last year's basketball squad was runner-up in their tournament bracket.

Saturday will be Boosters' Day for Casey among the Marlinton fans. At 3:30 in the afternoon his team will play Richwood high on the local field. In the evening a Boosters' Dinner will be given in his honor at the Marlinton Young People's Club.

In addition to his coaching duties Casey has taught Civics, History and Biology at the Marlinton high school. He is a native of Keyser, Mineral county, and attended Potomac State, Shepherd State, and Marshall colleges, and West Virginia University.

The coaching duties at the local school will be taken over by other members of the teaching staff. H. Arnout Yeager, principal, who served as coach and principal at Alderson and Peterstown high schools, will assume the football burden, and it is likely that Reed Davis will take the lend as basketball mentor.

Mr. Casey will leave Saturday night for his home at Keyser where he will be inducted into the U. S. Army next week.

## Private Landowners Must Get Permit to Burn Brush

On October 15, the state law requiring written permits to burn brush on private land came into effect. Applications for a permit may be made to any state or federal forest officer, or a game warden, who will in

turn issue the permit.

The main purpose of this permit is to have a record of the location of legitimate burning, so that when a smoke is reported by the towermen, the forest officers will know if it is a controlled burning or a forest fire. To send men and trucks to false alarm fires is a waste of time, gasoline and rubber, all of which is scarce. It therefore becomes the patriotic duty of all prospective brush burners to secure a permit prior to burning, thereby saving this needless travel by the fire suppression crews.

The local state and federal forest officers have been given orders to strictly enforce the brush burning law, to save needless traveling of

the crews.

C. AND O. PRESIDENT ORDERS SEARCH FOR SCRAP MATERIAL

Under the supervision of A. T. Lowmaster, vice president and general manager of the Chesapeake and Ohio, E. A. Carlson, general storekeeper for Pere Marquette, and M. B. Bowman, general storekeeper of the Nickel Plate, these three railroad groups have jointly salvaged 381,000 tons of scrap since the start of the war in Europe-101,309 tons of it since Pearl Harbor. G. D. Brooke, president of the C. and O. lines, has ordered a thoroughgoing and continuing system-wide search of the properties for iron and steel and other kinds of scrap needed to avert the threatened shortage this winter of materials vital to war production.

More than 82,000 tons of scrap cast-iron wheels and over 11,000 tons of scrap brass and bronze were returned to manufacturers during the past three years for conversion and reissue on the roads. Relay rails aggregating 24,500 tons has been made available to defense plants and for construction of sidetrack to various industries along the lines. Iron and steel scrap, sent to steel mills, iron foundries and casting manufacturers totaled 263,000 tons.

Virginia Smith May's Marriage to J. J. Stemple Is Announced in Elkins

Lovely detail marked the annoucement party last Thursday afternoon at the home of Mr. and Mrs. M. M. Smith and her daughter, Mrs. Boyd May, who entertained a number of friends to announce the marriage of their daughter and granddaughter, Virginia Smith May, to Mr. James Jackson Stemple, now a private in the U. S. Army Air Corps, stationed at Keesler Field, Mississippi.

The guests were received by Mrs. Smith, Mrs. May, Mrs. L. D. Stemple, mother of the bridegroom, and Mrs. Stemple in the living room of the Smith home. The latter was lovely in an afternoon gown of plaid taffeta with velvet trimming, and with this she wore a shoulder corsage of white rosebuds. Mrs. Smith, Mrs. May and Mrs. L. D. Stemple wore black afternoon gowns and each wore a corsage of yellow pom poms.

The guests were presented with small white envelopes inside which were cards with a small kodak picture of the young couple, and containing the information "Jack-Ginny, November 9, 1940."

The rooms were attractively decorated with fall leaves and yellow chrysanthemums and pom poms. The dining room table was lovely in its appointments of lace and silver, with a centerpiece of yellow roses and yellow candles in silver holders.

Mrs. Stemple is a graduate of Mt. Lebanon high school and the Pinkerton school, both of Pittsburgh, Pa. For the past two years, she has been employed in the local offices of the Monongahela West Penn Public Service Company.

Private Stemple is an only son of Mr. and Mrs. L. D. Stemple of this her a speedy recovery. city. He is a graduate of the Elkins high school and attended Davis and Elkins College. At the latter, he was a member of the XOD and Fi Batar Kappar fraternities. He is also a member of the De Molay in Clarksburg. Both are popular young people of this city.

The wedding took place at Greenup, Ky., by the Rev. W. H. Muncy, pastor of the Methodist Church, with Mrs. May, mother of the bride, as the only attendant.

STATION NEEDS WORKERS

The newly opened Naval Training Station at Bainbridge, Md., can give employment to classified laborers at 68 cents per hour and also to guards and all types of clerical workers. Other positions which will be open in the near future consist of book-keepers, secretaries, accountants, canteen operators, cashiers, photographers, laundry employes, tailors, barbers, shoe repairmen, cooks, dish washers, waitresses and most of the mechanical trades. Write to Labor Board, U. S. Naval Training Station, Bainbridge, Md.

LET 'EM JOIN THE NAVY

With the drafting of 18 and 19year-old men for the Army in the offing, an appeal is made by Navy
Commanding Officer, Lieut. Comdr.
W. A. Saunders of Charleston to parents who have refused to consent to
their young men's enlistment in the
Naval service to give their permission now so that they may have their
choice of services.

### COMMITTEE SEEKS TYPEWRITERS FOR ARMY AND NAVY USE

R. W. Harper, chairman in Pocahontas county of the Army and Navy Typewriter Procurement Committee, has issued a bulletin stating that the Army and Navy needs 600,000 standard typewriters. Those desired may be Royal, Underwood, Remington, L. C. Smith or Woodstock makes with elite or pica tpye, and manufactured since January 1, 1935.

Typewriters are no longer being manufactured and the only place to secure the 600,000 actually needed by the Army and Navy is from business enterprises, municipalities, organizations, schools, and others who will be willing to sell one or more

for government use.

The typewriters, Mr. Harper says, will be used by the Army and Navy, to carry on the essential services of our vastly expanded fighting forces. A typewriter is an essential piece of equipment on every bomber; every battleship normally carries 59 typewriters; every aircraft carrier, 55; cruisers, 30, destroyers, 7. And new typewriters are being restricted to use only by combat units where servicing is difficult.

The Pocahontas county Army and Navy Typewriter Procurement Committee will solicit the county on November 6 and 7, and the week of November 9. If any individual or concern should be overlooked, they are asked to report to the committee, as

follows:

Max Poscover, Durbin; Kermit Arbogast, Cass; Mack Brooks, Marlinton; Miss Janet Beard, Hillsboro; Mrs. Ruby Dilley Harvey, Marlinton and Mrs. Jessie Brown Powell, Bartow.

## RURAL TEACHERS MAY NOW GET AUTO TIRES

CHARLESTON, Nov. 12.—The rural school teacher can now get needed tires for her car.

This information is being forwarded to county superintendents by W. W. Trent, state superintendent of schools, following receipt of revised regulations governing tires, from the Office of Price Administration for West Virginia.

Forwarding the bulletin to county school heads, Dr. Trent pointed out that local rationing boards must pass on the eligibility for the teacher applicant, and quoted this ruling of the

OPM:

"If a rural teacher signs a contract with the local board of education agreeing to carry other teachers and pupils to the from school, said teacher may be eligible for recaps or to purchase new tires if she meets the other eligibility requirements."

"The other regeuirements" refer to the teacher's inability to obtain lodg-

### Christmas Seals Being Prepared For Distribution

Twenty million Christmas seals are being made ready by tuberculosis associations throughout West Virginia to send to the people of the state when the 36th annual Christmas Scal sale commences on November 23rd, Dr. Leo H. Mynes, president of the West Virginia Tuberculosis and Health Association, announced from state headquarters. More than 85,000 letters, containing hese scals, will be mailed to citizens . Jenkins will by the 56 local associations and commed to assist mittees serving the territory of West mir work, and Virginia, he stated.

Operators of trucks, busses, and taxis must have their Certificates of War Necessity before applying to the local War Price and Rationing Board for their mileage rations, E. H. Wade, chairman of the board, declared today.

"The Certificates of War Necessity, issued by the Office of Defense Transportation, form the basis for our issuance of Transport Rations to these commercial vehicles," said Mr. Wade. "When the applicants come to the board they must bring with them these Certificates, together with properly executed application for a mileage ration."

Each War Necessity Certificate states the number of miles the vehicle for which the Certificate is issued will be allowed to travel during a three-month period. The Certificate also states the number of gallons of gasoline needed to cover this

The O. P. A. Rationing Board will determine the amount of Transport Rations to be issued for the vehicle on the basis of mileage allowed on the Certificate. In no case is the board permitted to allow more gasoline than is stipulated on the Certifi-

Application blanks for trucks may be secured at Sheets Garage. Greenbank; Blake Shrader, Hillsboro; and Rationing Board, Marlinton. These applications with Certificate of War Necessity must be sent to the Ra-tioning Board and T Books for trucks, taxis, and busses will be issued for gasoline.

Applications for non-highway use may be obtained at the above places and after being properly executed may be sent to the Rationing Board and E and R Books will be issued for these applications.

Applications for supplemental rationing books may be made at Durbin Graded School, Marlinton Graded ed School and Cass Graded School on Thursday and Friday, November 12 and 13. The books will not be issued until the applications are reviewed by the board.

### Country's Mail Will Be Heaviest in History, Due To Business and War

The Post Office Department now is starting the most gigantic task in its history-the movement of a deluge of Christmas parcels, cards and letters while maintaining the regular flow of millions of pieces of mail daily to and from our armed forces all over the world.

Indications are that the volume of Christmas mail will be the largest on record. Already in September, latest month for which figures are available, retail sales had reached a level second only to the record month of December, 1941, according to the Department of Commerce. And sales are rising. Such heavy purchases always presage heavy mailings.

If thousands of our soldiers, sailors, marines and civilian friends are not to be disappointed at Christmas time, the public must cooperate by mailing earlier than ever before and by addressing letters and parcels The best efforts of the properly. Post Office Department alone cannot be enough, in view of wartime difficulties faced by the postal sys-

tem. The public must assist.

About 25,000 experienced postal workers already have been taken by the war services. Arrangements are under way to add thousands of temporary personnel to postal staffs, but this man-power is hard to find and is inexperienced. Facilities of railroads and air lines are heavily taxed by huge movements of war materials an personnel. Extra trucks are al-Winter most impossible to obtain. weather, hampering transportation, is beginning.

The deadline already is past for mailing gifts to Army and Navy personnel overseas with assurance that the parcels will arrive by Christmas.

The Post Office Department is making strenuous efforts to avoid such a terrific jam as it faced in 1918 under similar conditions, during the first World War. It can succeed in those efforts-if the public will cooperate by mailing early.

standing agricultural speakers," according to George Hyatt, Jr., assist-ant Extension dairyman at West Virginia University.

Now serving as extension director of the American Jersey Cattle Club, Mr. Nisbet will come to West Vir- THA ginia for the breeders' schools, which begin December 1 at Lewisburg and continue at Point Pleasant, Clarks-burg and Wheeling on successive milk

Other speakers will include Earl N. Shultz, fieldman for the American Guernsey Cattle club; Allen Crissey, fieldman for the Holstein-Friesian Association of America; G. A. Bowling, associate dairyman of the West Virginia Agricultural Experiment Station; and Gerry Heebink, Extension dairyman at the University.

Mr. Nisbet was born and reared on a dairy farm in Wisconsin, and was graduated in agriculture from the University of Wisconsin. For several years he managed and showed herds of purebred cattle. He has been Extension dairyman of Kansas, assistant editor of Hoard's Dairyman, and secretary and managaer of the Ohio Dairy Products Association.

Each school will open with fiveminute talks by Messrs. Bowling, Heebink, Shultz and Crissey. Nisbet's address will follow. The four breed groups-Ayrshire, Jersey, Hol- g stein and Guernsey-then will split into separate meetings with their own breed fieldmen who will assist li them with their breeding problems.

The Lewisburg meeting will open le with a noon luncheon. Farmers from K this territory are urged to attend.

### PORTRAIT OF McCLINTIC UNVEILED AT CHARLESTON

An oil portrait of the late Federal Judge George W. McClintic by Mrs. B. E. Barnes of Charleston was unveiled at a memorial service Thursday in federal court. Both Judge Ben Moore and Judge Harry E. Watkins of Fairmont were scheduled to take part and make brief remarks.

The portrait will be hung in the court room, and is a gift of the Charleston bar.

### Two-Minute Sermon

### SLAVES IN THE MIDST OF FREEDOM

As I have talked with many people I have come to the conclusion that the greatest enemy to the happiness of many people is fear. Fear of this and fear of that. Fear that something will happen to them or theirs. Fear of what the morrow will bring or the night will bring. They are never out from under the shadow of fear. No life that is haunted with fear can be happy or free. None of us can be a slave to fear and be free. To live happily one must be without one must have courage and faith. Faith in himself and faith in God. If those who live in fear would stop to think, fear does not come because of what is without. It comes because of the lack within, the lack of faith within the heart. God knew that man could not be happy and at the same time be a slave to fear. For this reason he asks man to have faith and trust. He does not ask him to change conditions without his life. He asks him to adjust his life within go that he can meet the conditions without, whatever they are, with a calmness and a trust born of faith.

### PROCEDURE GIVEN TO SEEK DEFERMENT OF NEEDED FARM LABOR

.We have a boy nearly 20 years ald who has worked on the farm all his life . . . We have 300 acres in our farm ... We now are milking 12 head of cows. . . We raise corn, wheat barley, etc., and mow about 125 arces in meadow. . .Mr. C---- is 66 years old-not able to do much. I am past 62. If we lose the boy we will have to sell our stock and the farm, beguse I don't think he could be re-

Letters like the foregoing have been coming adily to Reed H. Bradford, chairman of the State Farm Labor committees, inquiring about the deferment of farm laborers.

Mr. Bradford suggests the following procedure to farmers who have workers whom they think should be relieved from military service as essential farm help:

### Procedure Suggested

1. Get together information on the production of your farm and the worker whom you wish deferred.

Under a recent directive of tha War Manpower commission, "necessary" workers include only those on "essential" livestock, dairy, and poultry farms.

An "essential" farm is one which has 12 or more dairy cows, or equivalent numbers of other livestock or poultry. A farm with only six cows would qualify as essential if it had enough other livestock-51 hogs, for example.

A skilled I'm worker is an owner, esant, or wage hand who has had long experience in working the dairy enimals, livestock, or poultry. He almust devote most of his time to their care.

Frides for Fighting Men

West Virginia deer hunters today home near Durbin dalk, Md., as it is now necessary were invited to aid the national war bome near the registrant re-examined effort and "trade deer hides for the remaining to the registrant re-examined effort and "trade deer hides for the remaining to the registrant re-examined effort and "trade deer hides for the remaining to the registrant re-examined effort and "trade deer hides for the remaining to the registrant re-examined effort and "trade deer hides for the remaining to the registrant re-examined effort and "trade deer hides for the registrant re-examined effort and "trade deer hides for the residual residual residual residual residual re-examined effort and "trade deer hides for the residual re-examined effort and "trade deer hides for the re-examined effort and "trade 10. the registrant re-examined effort and "trade deer hides for live made at Wardess, bare adjuction can be made." in an announcement by T. D. 1942. deer," in an announcement by T. D cember 2 director of the Conservation

Officials of the U. S. Fish and Lela Rexrode of D Service were requested by the War Blanch Curtis of Ruth Sutton and ation in securing deer and elk hides, of Norwich, N. 1 Director Gray said. The hides will be used to fashion gloves, muckluks and other warm clothing and equipment for the nation's Arctic fighting for-

West Virginia law forbids the sale Colo.; two brothe of deer hides, the director's announcement reminded, and ordinarily such hides are wasted by hunters. On the other hand, the government children also sur is prepared to recompense the various states for hides turned in for MULLENAX INI Federal use at a flat price not yet determined but which, it is estimated old daughter of will be in the neighborhood of one dollar per hide.

Funds received by the Conservation Commission for hides voluntarisly donated by hunters will be employed for the purchase of live deer to be stocked in the state. Last season's legal deer killed totalled 1,046, a figure which is expected to be surpassed this season. Hunters are requested to give hides of deer killed the Arbovale to local game protectors who will be instructed as to disposal of the hides through regular channels which eventually will take them to the nation's armed forces in the form of clothing Frank and Cec and equipment.

### Mayor Callison Sells Royal Drug Store Interest

G. Steele Callison last week sold his stock in the Royal Drug Stores, Inc., here to Dr. Fred C. Allen. If he passes his examination, Mr. Callison will enter Naval service soon as a pharmacist's mate.

Dr. Callison started working in the local drug store in June, 1922. He attended Roanoke College at Salem, Va., the Medical College of Virginia, at Richmond, and is a graduate of the Louisville School of Pharmacy at Louisville, Ky. He has served in many civic organizations here, and helped to organize the local Rotary Club, and was executive head of the Pocahontas County Civilian Defense Council until his recent resignation. them this information and ask He is a Mason, and is the present to help you in presenting it to mayor of the Town of Marlinton, in which position he has filled several terms.

### **DURBIN MOOSE LODGE** HOLDS LADIES' NIGHT

Approximately 100 persons attended a dinner meeting last Saturday at the Durbin Methodist Church when the Durbin lodge of the Loyal Order of Moose observed Ladies'

Max Poscover, principal of the Durbin grade school acted as toastmaster. The invocation was given by Rev. L. H. Greenwood pastor of the church. H. L. Stokes, governor of the lodge, extended a welcome. At exactly 8 o'clock, the audience stood while a prayer was read for the men in service, a rite which is observed by members of the order at any time the lodge is in session or public gathering at that hour.

Speakers were the Rev. Mr. Dunson of Terra Alta, who also read the prayer, and Aubrey E. Ferguson of Marlinton. The tables were tasteful-

ly decorated for the occasion.

The Durbin lodge has been especially active in behalf of men from the community who leave for service in the armed forces. A gift of \$10 is given to the departing service men and other gifts are sent to those who are in camps. The lodge also has promoted plans to provide the men with newspapers from home.
